Preface

Since God incarnate formally performed His ministry in China in 1991, He has expressed more than one million words, conquered and saved a group of people, and opened the new age in which judgment begins with the house of God. Now the spreading of God's work of the last days in Mainland China has reached its peak. Most of the people who pursue the truth in all Christian denominations and sects and Catholic churches have returned before God's throne, and the entire religious world seems to have been cleaned up. The incarnate God has accomplished the work prophesied in the Bible that the Son of man would come in a hidden way, and it will soon conclude with glory. All the people who thirst after God's appearing in every country and place will face God's open manifestation. We, who have accepted the work of Christ in the last days, have stepped into the Age of Kingdom in advance. Just as God's word says: "**The kingdom is expanding in humanity's midst, it is forming in humanity's midst, it is standing up in humanity's midst; there is no force that can destroy My kingdom." "My kingdom is forming over the whole universe, and My throne is seizing the hearts of trillions of people. With the angels' assistance, My great accomplishment will soon be brought to successful completion. All the masses of My sons and My people, anxiously await My return, anticipating My reuniting with them, never to be separated again. How could all the populace of My kingdom not run around in celebration with each other over My being together with them? Could this be a costless reunion? I am**

honorable in the eyes of everyone, I am proclaimed in everyone's words. When I return, I will conquer all enemy forces even more. The time has come! I will put My work in motion, I will reign supreme among man! I am returning! I am leaving! This is what everyone is anticipating, what they are hoping for. I want to let everyone see the arrival of My day and joyfully welcome the coming of My day!" "All those that I love will surely live for eternity, and all those who stand against Me will surely be chastised by Me for eternity. For I am a jealous God, I will not lightly spare men for all that they have done. I will watch over the whole earth, and, appearing in the East of the world with righteousness, majesty, wrath, and chastisement, I will reveal Myself to the myriad hosts of humanity!"

God's extraordinary work has revealed all antichrists, false prophets, and deceivers, and also exposed those unbelievers who only pursue grace and eat bread to fill their stomach. God's words of judgment like a sharp two-edged sword have pierced through people's hearts and spirits, so those who hate rebuke, who detest pure words, and who do not love the truth have all shown their true self. Only those who know the voice of God are the sheep of God and thus can return before God's throne; while those who do not know the voice of God have all been eliminated by God's work.

Since we started the gospel work, we have been cruelly persecuted and hunted by the Chinese government, and the sadder thing is that we have also been cursed, framed, condemned, and rejected by all Christian denominations and sects and Catholic churches. This greatly troubled us and even brought the gospel work

to a standstill for a period of time. Facing such a situation, we were at our wits' end as if being besieged on all sides. At the same time, we also felt quite rebuked: We have enjoyed such a great salvation of God and understood so many truths, but we are incapable of spreading them. We really do not deserve to be God's witnesses and are not worthy of God's commission. In such a state of mind, we all felt that we lost our duties and had no idea what to do next. We didn't know how to give an account to God, much less how to face what God had repeatedly told us and entrusted to us. Though at a loss, we still felt that God's heart was calling us and calling every sheep that He waited to gain. So, with indebtedness, guilt, and thirst, we all came before God, praying and pouring out our heart to Him: God! May You give us strength and bestow wisdom upon us, so that we can get all Your sheep back. May Your will be carried out in us, may Your kingdom expand, and make Your words save more people so that they can come to Your family. As long as Your gospel can be spread, we are willing to undergo greater sufferings, even if we have to give up our lives. May You give us more strength, and we are willing to cooperate with Your step-by-step guidance. God! Because our stature is small, and because of our weaknesses, we cannot complete Your commission successfully. May You bind those hostile forces that disturb the spread of Your gospel, curse those who are the kind of the devil that don't belong to You, sweep away everything that hinders the spread of Your gospel, and open up the way for us. We believed that our prayer reached God's ears, for our prayer was according to God's heart and was made for God's will. Soon, God indeed did a great work, and this brought us an excitement and joy we had never felt before. God bestowed wisdom upon us and gave us

faith and strength, so that the gospel work immediately spread to a high point. Every one of us knew and believed that this was the good news God brought to us, and much more the encouragement and reward God gave to us. We got a gift in return for our sufferings. Deep within every one of us, we even more experienced the true meaning of this word: "**Only God Himself can do His own work.**" God did not give us a hard time, much less embarrass us. He only gave us some small trials in the beginning. With delight, we thanked God for His guidance, help, and care and keeping from the bottom of our hearts. Meanwhile, we also saw the greatness of God's deeds and the honor of His disposition, and even more saw the aspect of God's righteousness and His not allowing to be offended by man, for while God was saving people, He also punished many of His enemies who resisted Him.

The gospel preachers in various places learned lots of such news: Many people who had resisted the work of Almighty God or who had disturbed and hindered others from accepting "Almighty God" all suffered punishments or curses in different degrees, and this, to some extent, had a positive effect on our gospel work. Hearing these news, we could not help but praise God's righteousness, and even more thanked God for hearing our prayer, and our fear of God and looking up to God especially welled up in us. God will not abandon the sheep that belong to Him, nor let off anyone who does evil to resist Him. God is omnipresent and omnipotent, and God's work cannot be hindered by any hostile force. God let us see so many cases of punishing the evildoers, and we believed that this was also a silent warning God gave to every one of us. So we systematically arranged many facts about those who were punished as the duty we should

perform, and also as a warning handbook for everyone's believing in God and pursuing the truth!

The punished ones we sorted out were mostly from Christian denominations and sects and Catholic churches, the time was from 1993 to 2002, and the area included twenty-four provinces and municipalities. We collected more than ten thousand cases of punishment for resisting Almighty God. From these cases, we only selected about eight hundred and seventy representative ones from every place and arranged them, so that all people can learn lessons from them. (Note: Only 219 cases have been translated into English by now.) In all these shocking cases of people being punished for resisting God, we summarized that there were mainly four kinds of people who resisted God rather fiercely. They are listed as follows:

First, because they themselves had no discernment due to their ignorance of the Holy Spirit's work, they were deceived by others or restrained by the wicked servants, and followed them to do evil and echoed what they said, and they spoke many words against God and did evil to hinder others from accepting God's work. God only gave this kind of people slight punishment and did not take away their lives. Some of them got strange diseases, some suffered disasters themselves, and some brought misfortune upon their family members. To this kind of people, God gave them a chance to repent. Of course, there were some stubborn ones who still refused to repent even after being punished and continued doing evil, and thus they were cut off.

Second, most of these people were leaders in various sects and denominations, and they were faced with a choice between their

position and God. For the sake of their position, they gave up the true way, deliberately resisted God's work, and kept the people controlled in their hands. In order to enjoy the blessings of status forever, they deceived and trapped the people. It seemed to them that to lose people was to lose position, and without position, they could not live. Therefore, they tried hard to compete with God for His chosen people, calling God's sheep their sheep. They were typical antichrists, and what they served were their own position and rice-bowl. Their heart became harder and harder. They not only enjoyed God's grace but also wanted to control God's chosen people, not even giving them their due right to make free choices. They were exactly the wicked servants the Lord Jesus had prophesied. To this kind of people, God also gave them different degrees of punishments according to their behavior, and also the chance to repent. However, some of them went even further and stubbornly refused to repent, so God took away their lives. To those who restrained themselves or stopped doing evil after being punished, God did not take away their lives but is still waiting for them to repent.

Third, this part of people had been possessed by evil spirits, and some of them had performed many miracles by evil spirits. These people only believed in the work of evil spirits on them but did not know anything about the work of the Holy Spirit. So, when God's new work was preached to them, it aroused their strong opposition. This kind of people particularly hated the work of the Holy Spirit and were most disgusted with the truth expressed by God. In all sects and denominations, these people's voices of resisting God were the highest and their actions were the most malicious, and they opposed God most actively and vehemently. This part of people were the tools

of evil spirits, the enemies of God, and the accomplices of Satan, so the outcome of these people was cursed, and they were doomed to have the destiny of perishing and being destroyed.

Fourth, this part of people who were punished were the core members trained by the Three-Self Church. They specially served and worked their fingers to the bone for the Communist Party, and were hostile to all true believers in God. By the forces of the state, they persecuted those who truly followed God and testified God, serving as the tools of the government of the country. They held the rice-bowl bestowed by the Communist Party and spoke and worked hard for it, and they became the mouthpieces of the Communist Party in the religious world. In fact, their master was the Communist Party. This part of people held the ruling position in the sect in most areas, and they kept many ignorant believers controlled in their hands. These people were complete devils that resisted God, and they were indeed the unbelievers in Christianity. Though they were on the rampage for a period of time, their outcome was doomed to be cursed and destroyed.

These famous people in Christian denominations and sects and Catholic churches, because of condemning God's work and hindering God's will from being carried out, were punished by God or even cursed to death. Isn't this worthy of people's careful consideration? If the one they resisted had not been God, who could have punished them or taken away their lives? If they had truly belonged to God, who would have had the right to take their lives out of God's hand? Don't you acknowledge that God is righteous?

By combining the states of these four kinds of people and according to their doings, we can see clearly that these people did not love the truth by nature. They had a hostile attitude toward God's work of saving and transforming men through judgment and chastisement, and they were extremely disgusted with God's words which expose man's nature and pierce through man's soul and thus went into a rage, as if God's arrival had interrupted their pleasant dreams. Comparing with the Pharisees' persecution of the Lord Jesus two thousand years ago, they went even further, and eventually incurred punishments and curses. Not until their death did they realize that God's disposition is really not allowed to be offended, but they could only weep and gnash their teeth in the darkness.

Having heard too many such cases, we felt it necessary to compile them into a book. But because the people who provided these cases were from different places and their level of education was different, we several times proofread, organized, and verified these cases, and after a lot of trouble finished this book. Owing to the difficulty in making the investigation, we hope you would excuse us if there are small errors in some cases. In order to truthfully present these cases to you as soon as possible, we published this book in a hurry, hoping that the readers of this book will receive revelation and learn lessons from these various cases of punishment.

Typical Cases of People from Christian Denominations and Sects and Catholic Churches in Henan Province Who Were Punished for Resisting Almighty God

1. Guo XX, male, aged 54, from Neixiang County, an elder of the Praise Church. In July 1998, when the end-time work of Almighty God was spread to Neixiang County, he spared no effort to resist it, and he took away from a sister a book of God's word. On October 16, when the sister went to ask him for the book, it happened that he was having a meeting with more than forty of his co-workers. On seeing the sister, he took up the book of God's word and condemned recklessly, "The words in this book are all heresies and evil spirits." While saying this, he opened the book and raised it to let the sister see. The sister saw that there were many circles marked in the book and on each circle there was a "×", and in some places this word was written: "I bind these words in the name of Jesus." Holding the book, he said, "Such a book will be destroyed once it falls into my hand. No believer in Jesus is allowed to read it." After saying this, he forced the sister down on her knees and shouted, "In the name of Jesus, I bind the evil spirit, the heretic…." His blasphemous words were intolerable to the ear. He also burned the book before all the people, and confined the sister in a room. After that, he sent all the co-workers to different places to seal the churches. One month later, Guo's tracheitis recurred, and he had great difficulty in breathing and could not take food. On December 7, he met his death. This devil was finally cursed and died.

2. Wang X, male, aged 67, from Dengzhou City, a junior leader of the Local Church. In April 2000, someone preached to him God's end-time work. After he heard it, because God's work did not fit his notions, he concluded, "This way is not true! If it is true, let me receive punishment within one year." Three months later, Wang really received retribution. He suddenly had a stroke and became hemiplegic. Now he depends on a wheelchair to move around. The punishment has come upon him, and his oath has been fulfilled. Is this way true or not? We wonder if he has come to a conclusion and made a choice?

3. Feng XX, female, aged 53, from Panhe Township in Lushi County, a junior leader of the Justification by Faith Church. In June 1997, when her eldest sister preached God's end-time salvation to her, she pretended to accept it and got a book of God's word, and then she burned the book. At the beginning of 1998, her nephew's wife went to fellowship with her in detail about God's work, but she said recklessly, "I burned the book last July, but God has not done anything to me!" On the fifth day after she said this, when she was watering the cattle in the yard, she suddenly fell unconscious to the ground. She was hospitalized for 10 days, but did not get any better. After she was taken back home, the people of her church went to pray for her, but her condition still did not improve. On March 2, 1998, Feng's condition suddenly worsened. She clawed and scratched at the bed madly, being in extreme agony, and then she vomited blood and died. When she died, her face was too horrible to look at.

4. Li X, female, aged 55, from Lingtou Township in Ruzhou City, a believer of the Catholic Church, whose family was a well-known host family. In November 1998, when she heard that two sisters of

her church had accepted God's end-time work, she went to disturb them and forced them to forsake the true way. Not long after that, Li got uterine cancer. But she did not realize the cause of her disease. On February 3, 2000, she learned that a priest of the Catholic Church had accepted God's end-time work, so when the priest went back to her village with a brother to fetch his belongings, she confined them. Some brothers and sisters went to look for them, but some people, led by Li, guarded all the entrances to the village, not allowing the brothers and sisters to enter into it, and she asked them for the 13 nuns (who had accepted God's end-time work) in exchange for the priest and the brother. Two days later, Li's uterine cancer suddenly deteriorated, her vagina bleeding and discharging rotten flesh.... Later, all her hair fell out. She was hospitalized, but the treatment was ineffective and she died on July 21, 2001. When she died, her mouth was open, and her face looked ferocious. At the time when the people were putting her body into the coffin, a thunderbolt suddenly came from the sky, and it flashed around in front of the funeral shed like a fiery dragon. All the people there thought it strange and talked about it, saying that it was an unusual thing. This was enough to show that her evil deeds had offended God's wrath.

5. Lü XX, female, aged 51, from Zhengzhou City, a worker of the Local Church. In 1998, someone preached God's end-time work to her, but she refused to accept it. In August 1999, she said in a meeting, "Witness Lee is the true way, and 'the Eastern Lightning' is a false way. If Witness Lee is false, and 'the Eastern Lightning' is true, let me die within one year." On January 2, 2000, Lü was thrown out of the vehicle on her way to the meeting, and she died that day. She really died within one year!

6. Zhao XX, male, aged 60, from Lankao County, a ringleader of the Hua Xuehe sect. When some brothers and sisters preached to him the end-time work of Almighty God, he not only refused to accept but even condemned and slandered it, and he also declared, “I would rather fall headlong and die than believe in the way of Almighty God.” Besides, he hindered the people under him from accepting the true way. On the early morning of January 15, 2001, when Zhao went to have his wheat ground in a three-wheeler, he accidentally fell headlong from it and never woke up again. He really fell headlong and died!

7. Sun XX, female, aged 38, from Dengfeng City, an ordinary believer of the Local Church. In 1998, the brothers and sisters preached God’s end-time work to her many times. However, she not only refused to accept it herself, but she even spread rumors everywhere to disturb and hinder others from accepting the true way. Later, when a sister preached God’s end-time work to her once again, she hurled abuse at her, “You are cheeky! I have believed in God, but you still preach to me. You come to disturb me everyday. Just see how God will punish you in the future! The one you believe in is an evil spirit, a false christ, satan, the devil, a heresy, and is a deceiver!” The sister said, “The One we believe in is the true God. You can’t speak recklessly.” “I have said it. I will see what your God can do to me!” she retorted. On the evening of December 26, 1999, Sun went home from Changge in a three-wheeler driven by her husband. When they passed through Yuzhou, Sun was caught away by a big oncoming vehicle. When her husband found her, he saw that her internal organs and the pieces of her flesh were scattered all over the

ground. Truly, whoever blasphemes God will surely suffer retribution!

8. Fan XX, male, aged 57, from Shibali Township in Weishi County, a preacher of the Praise Church. In the winter of 1999, someone preached God's end-time work to him, but he refused to accept it, and he also spoke many words of condemning and blaspheming God and insulted and slandered the gospel preacher. Later, someone else went to his house to fellowship with him about God's end-time work again. But instead of listening to it, he threatened to go to the central government to report the gospel preachers, and he said that he would strike an egg against the stone and that he did not fear death. On November 7, 2000, Fan suddenly fell to the ground, and he had been bedridden ever since. On March 17, 2001, he breathed out his life.

9. Yuan XX, male, aged 47, from Zhangdian Township in Lushan County, a senior leader of the Local Church. From 1994 to 1999, he had been frenziedly disturbing and hindering the spread of God's end-time gospel in the area of Lushan County. On January 11, 1999, Yuan twice went with some people to disturb a sister who had just accepted Almighty God, and he pointed at God's word and blasphemed, "This is spoken by the devil satan!" In November 1999, a young sister who preached the gospel went to the home of a sister who had just accepted Almighty God. After he found that, he immediately took some people and rushed to the sister's home. He ordered the people to lock the young sister in a room and not to give her food, and they also snatched away the young sister's red woolen overcoat. After that, Yuan went to his relative who worked in the local police station and falsely accused the young sister of trading

human beings, and then he forcibly took the young sister to the local police station. At Yuan's instigation, the police tortured the young sister greatly. On January 18, 2000, when Yuan was having a co-workers' meeting, he was attacked by an acute disease and collapsed on the floor. Before arriving at the hospital, he breathed out his life! This out-and-out antichrist was finally struck down by God.

10. Zhang XX, male, aged 59, from Songxian County, a leader of the Justification by Faith Church. In 1995, someone preached to him God's end-time work and gave him a book of God's word to read. After reading it, he refused to accept it and even condemned and blasphemed it, saying, "It is the word and experience of an insane person." Not long after this, Zhang got throat cancer. He spent more than 20,000 yuan, but it was not cured. On August 22, 1997, he went to the netherworld.

11. Fan XX, male, aged 44, from Gushi County in Xinyang City, formerly a worker in the Local Church. In February 1995, someone preached to him the end-time gospel of Almighty God and gave him a book, but he did not accept and even drove the gospel preacher away. He told the brothers and sisters under him, "What the people of 'the Eastern Lightning' preach is a heresy, a cult. Don't hear their message; once you hear, you will be deceived." Being hindered by him, the brothers and sisters could not accept the true way all along. On July 12, 1996, Fan's wife drank pesticide and died as a result of having a quarrel with her daughter-in-law. Fan himself had a slipped lumbar intervertebral disk. He suffered unbearable pain and had to rely on medicine to relieve the pain, and was unable to do any heavy work. In January 2002, when someone else preached to him the work of Almighty God again, he was very remorseful about his past

resistance to God. After he accepted Almighty God, he preached Almighty God to more than ten brothers and sisters under him.

12. Wu X, female, aged 34, from Zhumadian City, a believer of the Local Church. In March 2001, the end-time salvation of Almighty God came to her, but instead of accepting it, she spoke many words of condemnation and resistance: “It is the deception of a false christ, a false prophet. You must not believe in it. Turn back quickly! Whoever does not turn back is one to be cast into the lake of fire.... Even if what you preach is the truth, I will not accept it!” Later, someone else preached the gospel to her again, but she said, “Don’t preach to me anymore. If it is the true way, how could I haven’t been punished for burning your book?” Not long after that, Wu always felt there were sounds of beating drums and striking gongs in her house, which continued day and night. She was afraid, so she went to live with her sister-in-law. She had her own home but did not dare to go back. In May of that year, she hanged herself. Because of resisting God, she was delivered into satan’s hand and came to such an end.

Typical Cases of People from Christian Denominations and Sects and Catholic Churches in Anhui Province Who Were Punished for Resisting Almighty God

66. Wang XX, male, aged 60, from Laomiao Town in Fuyang City, a believer of the True Jesus Church. In August 1999, his whole family accepted Almighty God. He followed for over one month, and then dropped out because he doubted God's word. He said to his wife, "If God's word won't be fulfilled, I'll break your legs!" And he also spoke some words blaspheming God. Later, Wang swore at his family members and the brothers and sisters, and threatened to inform the Public Security Bureau. In August 2001, Wang got lung cancer, but he remained unrepentant. One day, Wang talked wildly about the matter of believing in Almighty God with the worldly people, but shortly afterward he fell and fainted with his tongue bitten. Over one month later after he got well, he again swore at his family members and the brothers and sisters. While he was swearing, he suddenly fell and fainted again. After he revived, he no longer dared to talk nonsense. Later, his condition got worse, and he could neither die nor live. On his deathbed he cried, "Almighty God, you are truly righteous. You alone are the true God in heaven and on earth. I resist you one day, and it's right for you to punish me for three days. I'm in such a great pain. Please end my life quickly!" On January 20, 2002, Wang left this world miserably.

67. Yan XX, male, aged 58, from Changfeng County, a mid-level leader of the Justification by Faith Church. In the fall of 1998, after

he heard the testimony of Almighty God's end-time work, he not only refused to accept but condemned and blasphemed it. On February 25, 1999, someone else went to preach God's end-time work to him, but he drove the gospel preacher away angrily and spoke many words blaspheming God. He also went everywhere to seal the meeting places. Four days after this (during the Spring Festival), Yan suddenly got an acute disease and died. Before he died, he was unable to speak, so he motioned for someone to give him a pen and wrote, "This is my sin." As he finished, he gasped his last. It was too late to regret when death came upon!

68. Wang XX, male, aged 64, from Hemao Township in Wuwei County, a preacher of the Justification by Faith Church (sometimes he preached in other places). In early 1998, he learned that there were people preaching God's end-time gospel in all the places, and he told his son, "'the Eastern Lightning' is false and a cult. You can't listen." In the winter of 1998, two brothers who were close to him went to his home and preached Almighty God's end-time work to him. Instead of accepting it, he shouted abuse at them, "You people of 'the Eastern Lightning' worship the sun. I'd rather die than believe in it." Then, he drove the two brothers away. Later, his son accepted God's new work, and he asked the brothers and sisters to preach to his father again. So the brothers and sisters preached to Wang another three times, but he still remained stubborn and refused to accept, and also spoke some words of blasphemy against God. On December 20, 1998, several brothers and sisters who believed in Almighty God went to preach the gospel to his daughter. After he learned that, he rushed to his daughter's home. Pulling the two brothers who were fellowshipping, he insisted on sending them to

the township government. Only after his son tried all means to dissuade him did he give it up. Thereafter, he often hindered his son from attending the meetings, and he also blasphemed the name of God and incited his daughter-in-law to hinder his son. In March 1999, Wang felt difficulty in swallowing when he had meals. In May 1999, after being examined by the doctor, he was found to have esophageal cancer. Afterward, he often could not swallow food or water, and finally was reduced to skin and bones, not looking like a human being. Even his unbelieving elder cousin said that he was simply suffering punishment! On June 2, 2000, Wang died of his disease. His son said, "He did too much evil to resist God and was punished by God!"

69. Jiang XX, male, aged 50, from Yingzhou District in Fuyang City, a mid-level leader of the Worldliness Transcending Church. In the spring of 1999, two sisters went to his church to preach the gospel. No sooner had they sung a song than he drove them away. He even chased after them for about 2.5 km and threatened to inform the Public Security Bureau. Afterward, he spread rumors everywhere, saying, "'the Eastern Lightning' is false and a heresy...." And he also blasphemed God's flesh and spoke some fabricated and slanderous words. In July 1999, when someone else preached the end-time gospel to him, he said, "God cannot possibly come to do a new work now, and he cannot possibly be incarnated as a female. No matter how well you preach, I just won't believe." He also went everywhere to seal the meeting places. Before long, Jiang's hepatitis B which had not recurred for years relapsed, but he still did not wake up. In January 2002, he even prayed in a meeting, "In the name of Jesus Christ, I curse 'the Eastern Lightning.'" Several days after he

said this, his disease got worse and turned into liver cancer. He spent nearly 10,000 yuan on the treatment, but to no avail. On April 8, 2002, he died painfully. Before his death, he said, “The Bible is over!” This fool did not seek the work of the Holy Spirit but judged the Bible!

70. Zhao XX, male, aged 45, from Yeji Town in Huoqiu County, a junior leader of the Local Church. In the winter of 1999, when he learned that some brothers and sisters had accepted God’s end-time new work, he resisted it vehemently. He went everywhere stirring people up and deceiving them with these words, “If I find any preacher of ‘the Eastern Lightning,’ I’ll let him come alive and leave dead. I’ll see who still dares to come!” In less than four months after he said this, that is, in the spring of 2000, Zhao suddenly could not eat. He went to the hospital for an examination, and was told that he had terminal esophageal cancer. At that moment, he realized that God’s punishment came upon him, and he was very frightened. He said to the brothers and sisters around him who had accepted Almighty God, “This is my retribution. Because I wanted to harm you in secret for your accepting the true way, and I also spoke many words blaspheming God. Now I am deserved to be punished by God.” Later, Zhao’s condition got worse. On August 10, 2000, he died with remorse. This time, it was he himself who left dead.

71. Wang XX, female, aged 70, from Xiaoyi Township of Macheng Town in Huaiyuan County, formerly a believer of the Eternal Salvation Church. Her family were all believers. The following is an account in her own words:

In early April of 1999, someone preached Almighty God's end-time work to me. When my eldest daughter-in-law (who was a junior leader of the Eternal Salvation Church) learned of that, she tried desperately to stop me and dragged me back into my former church. In late April 1999, some other people preached God's end-time work to my eldest daughter-in-law, but she refused to accept, and even said, "I'd rather go to hell than believe with you…." Then she blasphemed God and cursed the gospel preachers. One day in the summer of 1999, when my eldest daughter-in-law was growing taros in the field, she suddenly stretched out her tongue long and fell into a dead faint with her mouth foaming. Later, she received medical treatment and got better. My eldest son did not wake up from this, and he even spread rumors outside, saying, "That's a cult…." On September 14, 2000, my son had a fever, and also stretched out his tongue long. He went to the hospital for an examination and was told that he only had a cold. But on September 24 of the same year, he died in agony. At his death, his nose and mouth ran bloody pus for about two hours. When my son died, he was only 47 years old. I felt bitterly remorseful and was awakened. I asked God's family to readmit me, but my eldest daughter-in-law kept bothering me. However, God gave me another chance so that I could come back to God's family again. In July 2001, my eldest daughter-in-law could not sleep all night, so she often took sleeping pills. Each time she took the pills, she would go into a coma for two or three days. On August 8, when she woke up, she ran into a pond to commit suicide, but was pulled out by others. On August 9, when unnoticed, she cut her neck with a kitchen knife, and got 8 stitches. Later, she crawled painfully from our house to the well, trying to kill herself. She could

neither live nor die and made a fool of herself. On August 15, 2001, my eldest daughter-in-law finally died in agony. (Since the summer of 1999, my daughter-in-law had lost consciousness for more than 20 times. When she died, she was 49 years old.) Truly, God's disposition is not allowed to be offended!

72. Zhou XX, female, aged 61, from Yijiang Town in Nanling County, formerly a treasurer of the Justification by Faith Church. In the first half of 1997, some people preached Almighty God's end-time gospel to her, but she refused to accept. In October of the same year, they preached it to her again, but she said, "We're not believing in the same spirit. You're believing in the wrong one." Then she went with her leader and sealed several churches by night. In January 1998, Zhou began to have a swelling on her thigh, which was the size of a cup. Soon after, she got another cup-sized swelling on her buttock, and still another one as big as a 2.5 kg watermelon on her waist, which caused her to walk with a stoop. These three swellings were all on the right side. She went to the hospital eight times, but the doctors were all afraid to operate on her, and they all said that they had never seen such big swellings. In February 1999, the swelling on her waist broke, and the blood and pus discharged from it filled a spittoon. It was not until June that she recovered. In December of 2000, when the gospel was preached to her once again, she accepted. And she realized that her disease was retribution for resisting Almighty God, and she regretted what she had done.

Typical Cases of People from Christian Denominations and Sects and Catholic Churches in Shandong Province Who Were Punished for Resisting Almighty God

107. Liu XX, male, aged 44, from Zhuangwu Township in Cangshan County, formerly a leader of the Church of Truth. The following is his personal experience:

Since February 21, 1999, some people had preached God's end-time work to me many times, but because it did not match my notions, I drove all of them out of my house. I also went to every church spreading the words condemning and blaspheming God, and sealed the churches and said, "That is absolutely false and deceiving. Once you go in, you won't be able to get out. If you try, you will die." In this way, I hindered others from accepting God's end-time work. I thought that I was defending the truth and was zealous for God. However, on the night of October 1, 2000, my wife died suddenly. When I found her dead, I saw that her mouth, nose, and eyes were bleeding. Later, I received God's revelation and realized that my wife's death was a curse for our resisting God. I felt deep regret for our evil doings, and then I accepted Almighty God and made a resolution to do something practically to make up for my past indebtedness.

108. Wang XX, female, aged 57, from Bincheng District in Binzhou City, a leader of the Justification by Faith Church. At the beginning of August 1995, her co-worker Zhang XX (male) accepted

the end-time work of Almighty God. But later because of her disturbance, Zhang returned to his church. And they two burned the book of God's word together. On November 27, 1998, while Wang was taking bath, she hit her head on the bathtub and lost consciousness immediately. She was sent to the hospital for treatment, but after seven days and nights, she still remained unconscious, and finally she died. After this happened, Zhang realized that it was the consequence of resisting God, and he was bitterly remorseful. In the spring of 2001, he came back to the Church of Almighty God. Having learned such a lesson, he probably would never dare to betray God easily.

109. Dong XX, male, aged 61, from Zhonggong Town in Licheng District of Jinan City, a leader of a house church. In the summer of 1997, his younger sister preached the end-time work of Almighty God to him, but he said, "'the Eastern Lightning' is a cult…." One day in August 2001, Dong suddenly had a fall, and then fell into a dazed state. Several days later, his speech slurred and he became hemiplegic. Upon examination at the hospital, he was diagnosed with cerebral infarction. During his sickness, he suffered extremely and even cried and begged others to save him. Later, when his sister went to fellowship with him again, he said, "I did resist 'the Eastern Lightning.' Almighty God cannot be mocked. But it's too late for me to regret." In January 2002, Dong's condition got worse, and he could not eat, drink, or speak. On January 31, 2002, he left this world. When he died, his throat and tongue had ulcerated, and he was a mere bag of bones.

110. Zhao X, male, aged 29, from Cangshan County in Linyi City, a leader of the Praise Church. In the winter of 1996, someone

preached God's end-time work to him, but he refused to accept. In December 1998, when Zhao learned that a junior leader had accepted Almighty God, he went to disturb him. Deceived by Zhao, the junior leader and the more than thirty brothers and sisters led by him left the true way. After reading the book of God's word, Zhao wrote adverse materials and distributed them everywhere. And he also spoke some blasphemous words against Almighty God. Zhao used to be in good health, but after he resisted God's work, he often had fevers. His condition gradually worsened, and after the diagnosis, he was found to have a malignant tumor (cancer) on his neck. In the terminal stage, his neck ulcerated and stank so that no one could get near his room, and his room had to be perfumed to kill the stink. On January 22, 2001 (the 28th of the twelfth month of the lunar year), he died. This wicked servant was cut off!

111. Gao XX, male, aged 46, from Heze City, a leader of the Pentecostal Church. Since 1995, some people had tried many times to testify to him God's end-time work, but he always shut the door on them. And his daughter even threw the gospel preachers' bicycles to the road. Gao seriously resisted God and hindered the brothers and sisters from accepting God's work. Even a dozen people who had accepted it were dragged back by him into his church. One night in November 1999, Gao went to a meeting, but on his way home, he suffered a traffic accident and knocked two holes in his head, which was too horrible to be seen. By the time he was sent to the hospital, he had already breathed his last. This demon that resisted God was thus cut off.

112. Zhu XX, male, aged 44, from Heze City, a leader of the Hua Xuehe sect. In January 1999, someone tried to preach the work of

Almighty God to him. He fellowshipped with him many times, but he always refused to accept and said, “How mighty is Almighty God? Can he take my life? What can Almighty God do to me even if he’s come? I only believe the Jumping Spirit on me can protect me….” In January 2000, Zhu got esophageal cancer. Later, he realized that it was God’s punishment on him, but it was too late to wake up. On August 18, 2001, Zhu died. At his death, he was nothing more than skin and bones, no longer looking like a human being. When his wife saw the consequence of his resisting God, she accepted the end-time work of Almighty God without any hesitation.

113. Niu XX, female, aged 36, from Shiqiaozi Town in Zhucheng City, a believer of the Justification by Faith Church. In February 2001, someone preached God’s end-time work to her, but she resisted it vehemently, and she also blasphemed Almighty God. In April 2001, Niu was possessed by evil spirits and lost her normal human sense, even not knowing how to eat or dress. Whenever she saw the brothers and sisters who had accepted Almighty God, she would shout, “The kingdom of Christ has been on earth; I don’t dare to condemn anymore. I’ve been condemned by God and fallen into darkness, weeping and gnashing my teeth.” Now she has to rely on medicine to control her madness. But whenever she relapses, she will take off her clothes, having no sense of shame.

114. Zhan XX, male, aged 70, from Lügezhuang Town in Laiyang City, a believer of the Justification by Faith Church. In October 1997, someone testified to him God’s end-time work and also gave him a book of God’s word. But he had notions about God, unable to accept the fact that God incarnate is a female. So, he began to condemn God’s work, blaspheme Almighty God, and persecute his wife. He

said, “If Almighty God is God, I will knock myself to death against the wall. If she is God, may I be afflicted with cancer.” In May 1998, Zhan really got liver cancer. In the whole month from the onset of the disease to his death, he lived in torment. Later he realized that it was God’s punishment on him for resisting God, but it was too late. Two days before his death, he told his wife to believe in God with all her strength, and he also said, “I’m leaving, because I myself asked for this disease.”

115. Wang XX, female, aged 54, from Shangzhuang Town in Rongcheng City, a believer of the Three Grades of Servants Church. One day in November 1998, some people preached God’s end-time work to two sisters in her village, and the two sisters were pleased with what they heard and accepted it. On that evening, when they went to their meeting place for a meeting, they said joyfully, “Today, some sisters came to our house to preach a gospel. They preached very well and quite in accord with the Bible.” Wang resisted and said, “Don’t listen to their nonsense. They are ‘the Eastern Lightning.’ They are heretics and false. Why didn’t you drive them out? If they had come to my house, I would have thrown them out.” Within a few minutes after Wang said this, her face suddenly turned purple and her hands icy cold, and she fell backward with her mouth foaming. She was sent to the hospital and was found to have rupture of the main blood vessel of brain. Since then, she has been dull, unable to think clearly, speak very distinctly, or do anything. She told a sister who believed in Almighty God, “It’s such a suffering for me to live. I might as well die.” Now this woman is still confined to the kang unable to move, and needs others to take care of her in her daily life. While enjoying peace, she resisted God; while being punished, she

complained about the suffering. It would be better for her if she had not been born!

Typical Cases of People from Christian Denominations and Sects and Catholic Churches in Jiangsu Province Who Were Punished for Resisting Almighty God

131. Wang X, male, aged 42, from Donghai County, a vice-chairman of the Three-Self sect. In December 1995, Wang accepted God's end-time gospel. But later because he could not give up his position in his sect, he denied God's work. He also tore and burned the book of God's word in his hands, and he said to others, "I would rather die on the platform of the Three-Self sect than accept Almighty God." In March 1996, when two sisters preached Almighty God's end-time work at the meetinghouse, he forcibly drove them out and said, "Even if I have to die, I will not allow you to preach here." On December 3, 1997, while Wang was preaching in the Bible study class in Donghai, his tongue suddenly stiffened, and his voice died down. After he said "I have offended God," he could say nothing more. He was sent to the hospital, but the rescue measures failed, and around eight o'clock that evening, he went to the netherworld. God fulfilled his oath!

132. Liu XX, female, aged 57, from Chamiao Town in Lianshui County, a believer of the Hua Xuehe sect. In February 1999, after she learned that several brothers and sisters and her son and daughter-in-law had accepted God's end-time gospel, she always disturbed and resisted. Later, her son was cleared away by the Church of Almighty God for some reason. Then she ganged up with him to desperately disturb her daughter-in-law and the other brothers and sisters.

Finally, her daughter-in-law was dragged back. Moreover, Liu and her son asked about or watched the meeting places of the brothers and sisters who believed in Almighty God every day, intending to call the police station, so that the brothers and sisters could not have meetings or perform their duties normally. One day, when Liu discovered that there was a meeting in a sister's home, she went to disturb it, stamping her foot and swearing at the brothers and sisters. Right in the evening, Liu began to have pains in her leg. She went to the hospital for a check and was found to have hyperosteogeny. In October 1999, while undergoing an operation, Liu was also found to have osteomyelitis, which could not be treated in the local hospital. And finally, her whole body was racked with unbearable pain. At the end of March 2000, she died in agony. Before she died, Liu said remorsefully, "I've offended God, and I'm punished by God."

133. Han XX, male, aged 66, from Yanghe Town in Siyang County, a believer of the Hua Xuehe sect. In July 1999, the brothers and sisters preached God's end-time work to Han and his wife, but Han refused to accept, and he condemned God's work, saying, "This is false, cheating, and deceiving." He also tried to hinder his wife from accepting it. His wife said, "You have evil intentions." "If I have evil intentions, may my tongue rot," he said. On January 20, 2000, Han's tongue began to rot. And then he also got lung cancer and tuberculosis, even unable to eat. On January 14, 2001, he left this world. On his deathbed, he said remorsefully, "I've taken the wrong way."

134. Jiang XX, male, aged 65, from Binhai County, a village representative of the Three-Self sect. In February 1999, Jiang heard the testimony about Almighty God's end-time work with other

people. Yet he not only refused to accept it himself but disturbed the other listeners, and condemned and slandered God's work. He also reported this to the leader of the Three-Self sect. Then, taking the opportunity when those brothers and sisters who had accepted Almighty God were having a meeting, that leader raided their gathering and forcibly took away the books of God's word. After that, they sealed their meeting place more tightly. In April 1999, Jiang got cardiac cancer. He suffered excruciating torments from it. Then he told a brother, "I want to believe in Almighty God too." But it was too late to repent. On September 21, 2000, Jiang drew his last breath in agony.

135. Zhu XX, female, aged 74, from Tongshan County, a junior leader of the Three-Self sect. Before March 1999, Zhu had heard the testimony about God's end-time work four times, but every time she blasphemed God and condemned God's work. She also distributed leaflets resisting God's end-time work to disturb and deceive people, and this caused difficulty to the spread of the local gospel work. At the end of March 1999, Zhu suddenly had a heart attack, and she also bled from her nose. In August of the same year, another sister went to preach God's end-time work to her, but she said disdainfully, "I've heard it several times. It is a cult, and it cannot be believed. They gave me some books and I've thrown away them all!" She also spoke many words condemning and blaspheming God. Within three days after this, she developed hemiplegia and was confined to bed, and she also became mute. In mid-September, when some sisters of her sect went to see her, with tears in her eyes, she repeatedly held up three fingers to them. Zhu's condition worsened day by day, and finally her mouth and eyes were all distorted. Zhu suffered greatly

from the disease for more than one year, and on October 6, 2000, she went to Hades regretfully with her mouth open.

136. Lan XX, male, aged 43, from Wanshi Town in Yixing City, a believer of the Way of Life Church. In February 1999, Lan and his wife accepted the end-time work of Almighty God together. Later, Lan listened to some rumors and had notions about God's work, and he passed judgment on it, saying, "This word isn't like God's word." He also hindered his wife from having meetings or performing her duty. In July 2000, Lan's 14-year-old youngest son drowned. Lan not only did not wake up but resisted more fiercely. He even burned the books of God's word and the tapes, and he said, "My son has died anyway. I will see what God can do to me for burning these books!" One night, Lan went out to the toilet, but suddenly, he saw his wet son crying and running toward him. He was so frightened that he turned and darted back, trembling all over. A few days later, in a dream, he saw his son again, who was dripping wet and standing at the door. From then on, Lan became distracted. He dared neither to open the door at night nor to turn off the light while sleeping, living in desperate fear. We wonder if this man has repented after he saw that God could do "this" to him as the result of challenging God?

137. Wang XX, male, aged 58, from Siyang County, a senior leader of the Hua Xuehe sect. In 1995, someone preached to him God's end-time work, but he did not accept and even said, "Hua Xuehe is the greatest prophet and I am the second. Don't I know what God is coming to do? You get out of here!" In August 1998, Wang got vasculitis. His left arm and hand became numb, unable to hold anything. Later, his left hand began to turn purple, and then ulcerated and oozed pus. The treatment was ineffective, and on

August 22, 1998, he had his hand amputated. At the end of 1998, someone else preached the gospel to him many times, but every time he refused to accept, and he viciously insulted the gospel preacher and denied and condemned God's work. He also went everywhere to disturb and seal the meeting places. At that time, most core members of all the meeting places of his sect had accepted Almighty God, but were all dragged back by him. Because of his disturbance and resistance, a total of more than 1,000 people could not accept the true way. In March 1999, another two sisters went to preach the gospel to him, but he denied God's work more arrogantly, saying, "It was I and Hua Xuehe who founded 'the Saturday' (referring to the Hua Xuehe sect). I myself am the greatest prophet of God. If God had come, would I not know that? It is through me that God lets others know. If not through me, how can they know?" In July 1999, Wang's left foot began to go numb. The skin of his foot peeled off in layers, and he lost sensation in it. So Wang asked his wife to bathe his foot in hot water, but which burned a big blister on it, and then it festered and oozed pus. In October 2000, his left leg was also amputated. However, he still did not wake up and continued resisting God's work even in his wheelchair. Later, the amputated stump of his left leg grew bones. The pain was unbearable and he had to have another operation. Unable to endure the torments of the disease, Wang attempted to hang himself, but did not succeed. In May 2001, Wang also got alcoholic liver disease. Overwhelmed by all this suffering, he poured kerosene on his quilt and lit it to kill himself, but still did not succeed. Wang wanted to die, yet death stayed away from him. From April 2002, Wang has had to drink a bottle of liquor every night to numb himself, living in torment all day long. Now Wang's right hand

and foot begin to go numb too and they turn dark purple, and his right foot begins to blister. He is left totally helpless. His sins are so great; he may not know even if his flesh dies, his soul will be punished more severely. At that time, it will be more excruciating for him to suffer!

Typical Cases of People from Christian Denominations and Sects and Catholic Churches in Heilongjiang Province Who Were Punished for Resisting Almighty God

152. Wu XX, female, aged 50, from Bayan County, a believer of the Pentecostal Church. In March 1999, Wu accepted the end-time work of Almighty God, but in June, she went back to her former church. And she slandered and blasphemed recklessly, “The female Christ is not the right way. You’ve gone astray.” Moreover, she spread rumors everywhere to hinder others from accepting Almighty God, and also said things offensive to the ear like, “The Church of Almighty God has abandoned me.” Before long, Wu began to have festering sores on her gums. In March 2000, she was diagnosed as gingival cancer. Her gums were covered with malignant tumors of various sizes, which almost blocked her mouth and left her unable to close it, with thin blood trickling all the time. She was racked with unbearable pain. In May 2001, she died of starvation. It was with her mouth that she spoke words to condemn God’s work, so that her mouth was filled with malignant tumors and was blocked. It was really her retribution!

153. Xie XX, female, aged 46, from Boli County, a believer of the Way of Life Church. On the New Year’s Day of 1997, when someone preached God’s end-time work to her, she said that she would make an investigation. But a few days later she began to deny and condemn it and resist it. She also went many times to the homes of

the brothers and sisters who believed in Almighty God to disturb them, and she said, “The Lord has blotted out my sins, and I’ve received life. The precious blood of the Lord Jesus is effective. When the Lord comes again, I will ask him whether his blood is effective.” In June 1998, Xie got sick and went to the county hospital for an examination, and was diagnosed with a brain tumor. Afterward, she went to Jiamusi City and had an operation, through which a tumor the size of a chicken’s heart was taken out. And the operation was successful. However, over twenty days after she returned home, she suffered a relapse and went into a coma. Then she was again sent to Jiamusi for an operation, and it was found that the tumor had reappeared. The doctor said that the tumor would grow again even if he gave her another operation, so she could only be sewn up and go home to wait for her death. On October 13, 1998, Xie died.

154. Li XX, male, aged 47, from Maoershan Town in Shangzhi City, a junior leader of the Local Church. In August 1998, when two people testified to him Almighty God’s end-time work, he had nothing to say and could not find any fault, so he pretended to accept it. However, in secret he resisted it vehemently. He did not allow the brothers and sisters led by him to mention the name of Almighty God, much less to accept God’s end-time work. Within a few days, Li got a disease. He had a splitting headache, but the local hospital could not find out what was wrong with him. The pain was so unbearable that he desperately wanted to knock his head against the wall. At the end of August 1998, Li died in agony.

155. Bi XX, female, aged 42, from Pingfang Township in Binxian County, a believer of the Wilderness sect. In February 1999, when the end-time work of Almighty God was spread to that area, all the

members of Bi's church accepted it. However, because Bi had notions, she fetched her leader to disturb them and to slander and blaspheme God. She also said, "Someone is preaching an evil spirit and a heresy. We should reject him." At once, some people were dragged back into her church. In the middle of February 1999 (during the Spring Festival), Bi became sick. Though having no pains nor itches, she felt sick all over, and all day she was distracted and had no peace of mind. This continued until March 31, 1999. A little past three that morning, Bi suddenly went into convulsions, unable to speak and foaming at the mouth. After she was sent to the hospital, she still remained unconscious, and around 3 o'clock that afternoon, she breathed her last. It was only two months after she did evil that she ended her life!

156. Zhang XX, female, aged 33, from Qiqihaer City, a preacher of the Three-Self sect. In May 1999, someone preached the end-time work of Almighty God to her, and she accepted it then. But later disturbed by her leader, she went back to her former sect. After that, she began to resist the end-time work of Almighty God, and she also disturbed three sisters who had accepted it so that they returned to her church. Once in preaching, she blasphemed and resisted God. A sister who preached the gospel went to her and exhorted her to turn back, but she said, "I would rather go to hell than accept the work of Almighty God." She also condemned the work of Almighty God as a heresy and a cult. Then she drove the sister away. At the beginning of May 2000, Zhang suddenly went insane. Failing to respond to medical treatment, she died at the end of May.

157. Wang XX, female, aged 51, from Lingdong District in Shuangyashan City, a choir member of the Three-Self sect. In August

1999, someone preached Almighty God's end-time work to her and her husband. Her husband expressed his willingness to accept it, and also took a book of God's word for investigation. Wang, however, rejected it, and she even said to her husband, "If you accept it, we will go our separate ways!" Giving in to her threats, her husband returned the book in February 2000. On August 4, Wang went out by bus. On the way, the bus suddenly went out of control, and of all the people in it, only she was thrown out. Then the bus overturned and crushed her to death right under it, while the others were unhurt. Wang was thus cut off.

158. Sun XX, female, aged 26, from Jiansanjiang Administration Bureau of Jiamusi City, a preacher of the Old Local Church. In May 1999, someone testified to her and her husband Almighty God's end-time work. But because it was contrary to her notions, she condemned it and refused to accept it. Her husband wanted to make an investigation, but she stopped him. Moreover, she sealed her meeting places, not allowing the others to accept. Afterward, she did many other evil things that resisted God. On May 10, 2000, while giving birth, Sun bled heavily and died with her baby. She was punished for doing too much evil!

159. Yao XX, female, aged 47, from Yabuli Town in Shangzhi City, a worker of the Justification by Faith Church. In October 1998, someone testified to her Almighty God's end-time work. After listening, she desperately resisted and blasphemed God. She also went to the gate of the Villagers' Committee office and stamped her foot abusing and slandering God, and threatened to inform the government. In the fall of 1999, Yao got myasthenia gravis. She was weak all over and her limbs were limp as noodles. The local hospital

could not cure her, and on January 25, 2002, Yao died. At her death, her bones were separated from the flesh. Obviously, she was cursed.

160. Wang XX, female, aged 45, from Tailai County, a co-worker of the Pentecostal Church. On January 8, 2002, two sisters went to preach Almighty God's end-time gospel to her. Instead of accepting it, she said fiercely, "Don't try to steal my sheep. They are all in my hands. Whoever comes will not succeed." In this way, she kept on resisting God's work. On January 31, 2002, Wang unexpectedly hanged herself.

161. Bu XX, female, aged 51, from Tonghe County, a worker of the Justification by Faith Church. In October 2000, when God's end-time work was preached to her church, Bu began to resist it. She told the brothers and sisters that no matter who came, they should not fellowship with him or bring him to the church. Moreover, she cursed "the Eastern Lightning" with gnashing teeth in her prayers, and judged and slandered God's end-time work. Her blasphemies were offensive to the ear. On November 1, 2000, when Bu again went to the home of a sister who had accepted Almighty God to disturb her, she felt oppressed in her heart. And in less than one hour after she returned home, she gave up the ghost.

Typical Cases of People from Christian Denominations and Sects and Catholic Churches in Liaoning Province Who Were Punished for Resisting Almighty God

162. Zhao XX, female, aged 55, from Kuandian County, a preacher of the Three-Self sect. Around May 1999, someone preached the end-time work of Almighty God to the people of her sect. When she learned of that, she went to disturb them and said, “These words were written by man. It is an evil spirit that did it. I’ve burned the book they gave me….” She also spoke words of resistance and blasphemy against God among the brothers and sisters, and disturbed those who had accepted the true way. In May 2000, Zhao suddenly got ovarian cancer. When she went to a hospital in Shenyang City for an operation, the cancer cells had spread throughout her abdomen. After her belly was cut open, her cancer was found to be inoperable, and she could only be stitched up. Afterward, Zhao underwent two chemotherapy treatments, but did not get any better. On July 30, 2001, she died. At her death, she was reduced to mere skin and bones. And of her whole body, only her belly was very big as if it were to burst open, which looked very horrible. This wicked woman was punished!

163. Tang XX, female, aged 37, from Zhenxing District in Dandong City, an elder of the Justification by Faith Church. In 1998, someone preached God’s end-time work to her, yet she not only refused to accept but also condemned it. Moreover, she often

blasphemed and condemned God's work in the co-workers' meetings to deceive the others. And she also dragged back a sister who had accepted God's end-time work. In October 2000, Tang got colon cancer. When she was operated on, her abdomen was found to be full of cancerous tumors, which were beyond cure, so she had her incision stitched up. On December 31, 2000, Tang's condition deteriorated and she died. When she died, she was as thin as a skeleton, and her eyes were wide open and could not be closed, which looked bloodcurdling. The people of her church all said that she died a horrible death.

164. Gong XX, female, aged 58, from Lidian Town in Wafangdian City, a deaconess of the Three-Self sect. In May 1999, someone preached God's end-time work to her. After she read the book of God's word, she not only refused to accept but condemned God's end-time work, and she said viciously, "I would rather lead the people to hell than accept it." On the night of August 10 of the same year, Gong was hacked to death by her son at her home, and then her son was beaten to death by her husband. Because Gong did evil, her family was ruined finally.

165. Yang XX, male, aged 60, from Xinqiu District in Fuxin City, a preacher of the Old Local Church. Since God's end-time work was preached to his Church, Yang had begun to resist it. At a meeting, he and Lin XX (female, aged 52, a believer of the Old Local Church) held a book of Almighty God's word, and as they read, they slandered and condemned God's work. In February 2000, at a big meeting, Yang again wildly condemned and attacked Almighty God in public. But before he finished his words, he suddenly felt unwell and was forced to stop speaking. As he stepped off the platform, he nearly

collapsed. He was sent to the hospital, and upon examination, he was found to have a cerebral thrombosis. In September 2000, Lin also got a serious disease, which was liver cancer. She could hardly eat anything, and though she received four or five injections of dolantin each day, she was still in terrible pain. Finally, she died in extreme agony. They attacked God maliciously and were cursed!

166. Wang XX, male, aged 47, from Jiaohe City, a leader of the Head Covering sect. In mid-March 1999, God's end-time work was preached to him, yet he not only refused to accept but spoke many blasphemous words against God, and he also disturbed those who had accepted Almighty God. Later, someone else preached God's end-time work to him many times, but he still refused to accept and continued resisting it. Moreover, he sealed his sect and told the people under him, "If any stranger comes, beat him out with a stick." On the evening of March 18, 2001, when Wang went to relieve himself during the meeting, he fell unconscious in the sheepfold. No one knew that then. After the meeting, his family found him in the sheepfold. He was sent to the hospital for an examination and was found to have a cerebral hemorrhage. Unable to be cured, he died the next day. This wicked servant was punished!

167. Liu X, male, aged 49, from Lishu County, a junior leader of the Justification by Faith Church. In February 1998, when someone preached Almighty God's end-time work to him, he accepted it, and he also kept a book of God's word for investigation. But later he was deceived by a wicked servant and was dragged back into his former church. Then together with that wicked servant, Liu blasphemed God, fabricated lies to attack God, and recklessly passed judgment on God's work. After that, Liu was attacked by his rheumatic heart

disease. In late December 1998, he got worse. He became paralyzed and was confined to bed. Whenever he was helped to sit up or lie down, he screamed with pain. His body swelled severely, his abdomen was swollen like a big drum, and his glans penis ulcerated so badly that he could only urinate in dribbles. He also felt cold all over and short of breath, and could neither lie down nor sit up. He was tortured so much that his face became livid and hideously swollen. He lived in agony every day, feeling worse than death. During the last over half month, he did not eat even a bite of food, and on April 7, 1999, Liu went to Hades.

168. Wang XX, female, aged 49, from Yongji County, a believer of the Three Grades of Servants Church. In August 1997, someone preached Almighty God's end-time work to her, but she said, "I would rather die than accept it." And she also disturbed others. On September 17, when Wang went to the meeting, she fell unconscious in the bathroom. She was sent to the hospital, but all rescue measures failed and she died that day. God fulfilled her oath.

169. Xiao XX, male, aged 38, from Huaide County in Gongzhuling City, a preacher of the Seventh-day Adventist Church. His wife was also a preacher. In July 1999, someone preached the end-time work of Almighty God to him. After he read the book of God's word for three days, he said that it was not right and it was written by man. On April 4, 2001, Xiao's wife accepted the work of Almighty God. Xiao beat his wife cruelly with a leather belt, and while beating her, he asked her, "You want God or me?" His wife said, "I want both!" "That won't do!" he said. Thereafter, Xiao kept watch on his wife every day, not allowing her to go to the meetings. On December 3, 2001, his wife again went to a meeting, and Xiao

went everywhere looking for her. On December 11, after he found out the name and address of the host family where his wife had the meeting, he stormed back home to sharpen the kitchen knife. While he was sharpening the knife, his wife came back, and he said to her, "If you contact the believers in Almighty God again, I'll kill every one of them I see." He also said with hatred that he would go into town to inform the United Front Work Department. Three days later, that is, on the evening of December 14, 2001, Xiao, riding his motorcycle, collided with a four-wheeled wood-laden vehicle, and was killed outright. This devil which resisted God was punished!

170. Feng XX, female, aged 55, from Fanjiatun Town in Gongzhuling City, a preacher of the Seventh-day Adventist Church. Someone preached Almighty God's end-time work to her, but she did not accept. In November 2001, when she learned that two sisters in her church had accepted Almighty God's end-time work, she resisted it vehemently, and she spread rumors, saying, "'the Eastern Lightning' is a cult and a deceiver…." She also tried every means to deceive her people and control them, saying, "Any of you who receive them will share in their wicked work. And any of you who accept it will be expelled." Intimidated by her, one of the sisters went back to her former church. Even so, Feng still did not stop, and she continued her activity of resisting God. On January 19, 2002, Feng took six people with her and drove to seal a meeting place. When they were almost there, the vehicle hit a big tree and then a wire pole. The driver (a nominal believer) and his mother were unhurt, and four others were seriously injured. While Feng was smashed beyond recognition and died on the spot. She was punished by God!

Fortunately she died, otherwise how many lives would be ruined in her hands!

171. Wang XX, female, aged 56, from Tuoyaoling Town in Liuhe County, a deaconess of the Justification by Faith Church. In the winter of 1999, when Wang heard that there were people preaching God's end-time work in that area, she told her people, "If someone comes to preach 'the Eastern Lightning,' just come to me. If I don't accept, neither will you." In July 2001, a couple in Wang's church accepted the work of Almighty God, and Wang went many times to disturb them until she dragged them back. Being greatly hindered and controlled by her, no one in the meeting places she was in charge of dared to accept the work of Almighty God. On October 6, 2001, while Wang and her eldest son were milling rice in a mill, she suddenly had a headache. When she sat down, her speech had slurred and her mouth dribbled saliva. She went to the hospital for examination and was found to have a cerebral hemorrhage. On October 11, after she got home, Wang opened her eyes and mouth wide and gasped for breath, which looked dreadful. At noon of October 12, Wang died.

172. Qu XX, female, aged 43, from Gujiazi Town in Lishu County, a preacher of the Justification by Faith Church. In March 1998, when someone preached God's end-time work to her mother, Qu said scornfully, "You're believing in a female God and a cult." Her mother listened to her and repeated her condemnation. In April 1998, her mother began to get sick. After the diagnosis, she was found to have lymphoma. During twenty days before her death, she could not speak even a word, and on August 22, 1998, she died. In November 2000, when Qu heard that two sisters of her church had

accepted God's end-time work, she went to disturb them like a devil and dragged them back into her church. And she said to the sister who preached the gospel, "'the Eastern Lightning' is a cult and a heresy." The gospel preacher said, "We human beings should not say such judgmental words." "I will say!" Qu said. "See you before the judgment seat!" On the night of April 1, 2002, Qu's house caught fire. Except for her unbelieving husband who was unharmed, her son and daughter (one was 18, and the other 16) were burned alive, and Qu herself was almost burned to a skeleton. Later, her body was autopsied by the coroner. This wicked servant who had done too much evil received her just punishment!

173. Yang XX, female, aged 35, from Jiaozhuang Township of Nanshi District in Baoding City, a deaconess of the Old Local Church. In May 1995, Yang accepted the Lord because she suffered lupus erythematosus and lost all her hair. After believing in the Lord, she was completely healed. In December 1998, someone testified to her God's end-time work. When she heard the testimony, she felt it good. But after she went back, she changed her mind. She gave her leader Wu XX the notes she took while listening to the testimony. Then, they called a co-workers' meeting, at which they condemned and blasphemed God's work. They also recorded the notes on tapes as adverse propaganda materials and distributed the tapes to every meeting place, so that the gospel work in that area was greatly hindered. In mid-January 1999, a sister went to preach God's end-time work to Yang again, but she let out a torrent of curses and also humiliated the sister. On May 13, 1999, Yang suddenly had a high fever, and her old disease recurred. Many red patches appeared on her body, and she lost almost all her hair. She went to several hospitals but could not be cured. Then, on July 3, 1999, she left this world very reluctantly. When she died, her eyes stared up at the sky, and her face looked awful. Later, Yang's mother said that Yang's leader Wu had died at the end of June 1999. Both of these two wicked servants were cut off!

174. Wang XX, male, aged 53, from Shunping County in Baoding City, a senior leader of the Three-Self sect. In May 1999, when someone testified to him God's end-time work, he pretended to accept it. Later, when he read the book of God's word, he wrote many blasphemous and abusive words on God's words. Then two weeks later, Wang's heart disease recurred. He felt tight in his chest and a pain in his heart, and his whole body swelled. When he went to the hospital, the doctor said that the treatment would cost him a large sum of money. So he had no choice but to take medicine at home. But no medicine was effective, and his condition worsened day by day. On January 9, 2000, he died.

175. Wang XX, male, aged 62, from Daodongbao Township of Cheng'an County in Handan City, a core member of the Three-Self sect. In May 1999, someone preached the end-time work of Almighty God to him, but he refused to accept. Later, when he learned that a sister in his village had accepted the end-time work of Almighty God, he took some people to disturb her. On seeing the two sisters who preached the gospel of Almighty God, he pointed at them calling them deceivers, and threatened them that he would call the Public Security Bureau. That night he drove the two young sisters away. His wife followed his example and deceived the people of their sect, saying that this way was unacceptable. Then on December 16, 1999, his wife fell off a brick-laden vehicle. And she died seven days later after all rescue measures failed. On June 12, 2000, Wang did not feel well. Upon examination, he was found to have lung cancer. On September 6, 2000, he died too. This pair of old wicked servants was thus cut off.

176. Gong X, male, aged 69, from Dongjingji Town of Yangyuan County in Zhangjiakou City, a leader of the Repentance Church. In June 1995, someone preached God's end-time work to him, but after listening, he refused to accept. In March 1997, someone else preached the gospel to him, but he condemned and said, "This is a cult, a heresy, and a false christ." He also went everywhere to disturb God's work. Later, another person went more than ten times to fellowship with him, but every time he blasphemed more seriously. He even said, "Even if your God is the true God, I will not accept. I will see what he can do to me! My son-in-law has burned the book of God's word, but your God didn't do anything to him!" On March 11, 2001, Gong on a road was knocked down by a road-repairing backhoe when it backed up. Its wheel rolled over from his foot to lower abdomen, and he screamed "help" in pain. He was rushed to the hospital for emergency treatment, but all efforts to rescue him were in vain, and he was thus killed by a backhoe. He condemned God's end-time work and dared challenge God, so he was punished!

177. Zhao XX, male, aged 49, from Yangquan City, a deacon of the Three-Self sect. In April 1999, someone preached Almighty God's end-time work to him, but he resisted it vehemently and uttered blasphemies against God. He also went everywhere to seal the meeting places and disturb the others from hearing the testimony. Moreover, in the co-workers' meetings he condemned God's end-time work as a heresy and the fellowship about it as an evil teaching, and also instigated the brothers and sisters to reject it. On October 3, 1999, while Zhao was preaching, he was attacked by a sudden illness. He foamed at the mouth and became unconscious on the spot. On October 9, 1999, he died. This completely fulfilled the word in the Bible: "A false witness will perish."

178. Wang XX, male, aged 58, from Jixian County, a core member of the Hua Xuehe sect. On April 12, 1999, Wang's son-in-law (also a core member of the Hua Xuehe sect) accepted Almighty God's end-time work. And then taking with him the person who testified to him God's end-time work, he called twenty-seven deacons and workers of his sect together to hear the testimony. After they heard it, they all felt it good. But Wang disagreed with them, and he tried hard to disturb and frighten them, saying, "None of you should read this book. It has been drugged. Once you read, you will be deceived. Don't hear the three-stage work; once you do, you will go with them."

Afterward, Wang busied himself with sealing the meeting places, not allowing the people to hear the testimony about God's end-time work. Half a month later, Wang went to the home of his son-in-law and said triumphantly, "Aren't you in charge of these people? But don't try to take any of them away!" A few days after he said this, he became hoarse and had less appetite. Soon, he had a sore throat, shortness of breath, and a cough. Wang originally had a tumor in the left part of his thyroid, and now another one appeared in the right. A few days later, he became weak and could not even ride a bicycle. Even so, he still did not wake up. He sent his nephew and some others to drag back into his sect more than 50 people in his relative's meeting place who had accepted God's end-time work. After that, Wang went to the hospital for a check, and was diagnosed with terminal lung cancer, which was already beyond cure. Since August 17, Wang even had difficulty in breathing, and he could only survive on oxygen. Besides that, he had to use dolantin every day to ease the pain all over his body. On September 24, he sent for his son-in-law and said to him, "Tell the people to turn to Almighty God quickly. It is the time. My illness is a punishment for resisting Almighty God. Please pray for me; I really can't bear it anymore!" At that time, his face was bloodless, and his body was reduced to mere skin and bones and was stinking. At midday on September 26, Wang died in remorse. Not until death approached him did he repent. It was too late!

179. Guo XX, male, aged 70, from Chengjiachuan District in Lucheng City, a junior leader of the Justification by Faith Church. In the first half of 1999, someone preached God's end-time work to him, yet he not only refused to accept but also condemned it as a cult and

a heresy. In early September 1999, a brother (who used to be in the same church with him) came to preach God's end-time work to him again, but he said, "My daughter also brought me such a book, and I threw her book on the floor right away. If it is God's word, why didn't God do anything to me for doing that? This is purely the heresy 'the Eastern Lightning.' God will never come to earth as a woman. Those guys are trying to win people's hearts under the cover of believing in God!" Afterward, Guo sealed his meeting places and said, "Don't hear preachings or receive people blindly, for there are too many false ways. As long as you hold on to the Bible, you can be saved." Guo's desperate resistance caused the local gospel work to be greatly hindered. Influenced by him, more than eighty brothers and sisters were unable to accept God's end-time work. In early November 2000, Guo's wife (who had vasculitis) got worse. She went to the hospital for treatment, but to no avail, and she had her hand amputated. One day in late November 2000, Guo rode his motorcycle to the hospital for medicine. On the way, he collided with a car. He was struck so hard that he bit his tongue almost off, and he lost consciousness with excessive pain. He was sent to the hospital for emergency treatment. But after six hours' surgery, he still failed to have his life saved. At 6 o'clock that afternoon, his sinful life of resisting God ended.

180. Xia XX, male, aged 62, from Lingqiu County, a worker of the Repentance Church. Since July 1997, someone had testified to him Almighty God's end-time work four times, and then his wife's sister-in-law had come to his home over thirty times to testify to him Almighty God, but every time he refused to hear the preaching. Finally, Xia even informed the people of his church about the looks

and characteristics of the gospel preachers and asked them to watch out, and he also told them not to receive outsiders. Moreover, he dragged six people who had accepted Almighty God back into his church. On January 12, 1998, when another sister came to preach the gospel to him, he said scornfully, “I think what you preach is never right. God can’t possibly be incarnated the second time.” With this, he drove the sister out of the door. And he also reported this to the senior leader of his church. Just at the end of January, Xia suddenly got liver cancer. Thereafter, he was bedridden. He could not eat anything and became as thin as a skeleton. Xia was tortured by the disease for eight solid months, and on September 26, 1998, he went to Hades.

181. Xi XX, female, aged 34, from Zhaobei Township in Lingqiu County, a believer of the Three-Self sect. In September 1998, her husband accepted the end-time work of Almighty God, and she strongly opposed and resisted. She tried everything she could to stop her husband from reading the book of God’s word, and also forbade him to go to meetings. One day in the winter of 1998, when her husband was reading the book of God’s word, Xi grabbed the book and tore it up. A brother who preached the gospel said to her, “That’s God’s word. God will punish you for tearing it.” But she did not take it serious at all, and finally she dragged her husband back into her sect. In April 1999, Xi suddenly went insane. She often tried to kill herself in various ways, so her family had to ask someone to keep an eye on her. On June 20, 1999, unnoticed, Xi hanged herself from a beam in an unoccupied house. This time she succeeded in killing herself.

182. Song X, male, aged 76, from Huairen County, the chairman of the Patriotic Catholic Association. In August 1999, some people preached the end-time work of Almighty God to the brothers and sisters in a local meeting place, and they all accepted it. Song had a grudge against this, so he informed the United Front Work Department, saying, “The believers in Almighty God have come. They are a cult.” He also took some village cadres to make trouble for the gospel preachers. In November 1999, Song suddenly got lung cancer, and he became paralyzed and was unable to speak. On January 15, 2000, he died. He was punished to death for resisting Almighty God and betraying the Lord for his honor.

183. Gong X, female, aged 35, from Yuanpuzi Town in Youyu County, a worker of the Way of Life Church. At the end of April 2000, when someone preached God’s end-time work to her, she yelled, “May you and your whole family be cursed. Get away! Don’t come again!” She also openly condemned God’s work in her preachings, so that the gospel work in Youyu, Shanyin, and some other places was hindered. On March 28, 2001, Gong’s husband died in a traffic accident. Her husband was in the truck 153 with the driver and another person, and he was sitting between them. But strangely, when the truck collided with an oncoming minibus, he was killed outright with his legs and arms broken, his chin thrust into his skull, and a hole knocked in the back of his head, while the other two were unhurt. On hearing the bad news, Gong was overwhelmed by grief. She cursed others but the disaster came upon herself!

184. Liu XX, male, aged 74, from Wutai County, a church leader of the Justification by Faith Church. In late October 1997, someone preached God’s end-time work to him. After he heard the testimony,

he said, “If he who preached Jesus to me follows, I will follow; if he doesn’t, I won’t either.” (“He” refers to Liu’s leader.) Over two months later, that is, on January 28, 1998 (the Chinese New Year’s Day), Liu suddenly became short of breath and sweated profusely. Upon examination at the hospital, he was found to have emphysema and heart disease. In the fall of 1998, some others fellowshipped with him many times, but he said, “What you have said is all in accord with the Bible and it is the truth, but you believe in your God and I believe in mine. If others can go to hell, I can too.” After he said this, his condition became much worse. On October 18, 1998, at the Sunday meeting, Liu sat in his chair but never again stood up from it; he had gone to Hades. This is the consequence of following man! God granted his request for going to hell.

190. Qi XX, female, aged 67, from Changjiangbu in Yingcheng City, a junior leader of the Praise Church. In 1998, while Qi was visiting her relatives in Nanjing, someone preached God's end-time work to her, but she refused to accept it. In 1999, someone else preached it to her, but she refused again, and she also sealed her meeting place. On July 17, 2001, Qi learned at the meeting that some gospel preachers were staying at the home of a sister of her church. Exasperated, she led the people of her church to pray with her, "Curse 'the Eastern Lightning,' curse these devils and satans, and curse these heresies and cults...." On the next morning, her younger brother went to her home, and saw that she was writhing about on the floor and unable to say a word, with vomit all over the floor. He rushed her to the hospital for emergency treatment. Though her life was preserved, she lost the ability to take care of herself and could only move slowly with the support of a stool. On September 18, 2002, Qi fell headlong in the bathroom and died. She resisted God and was punished!

191. Zhang XX, male, aged 31, from Guanshan Town in Danjiangkou City, an elder of the Praise Church. In May 1998, Zhang accepted God's end-time work, but half a month later, he was dragged back by the people of his church. When the gospel preachers went to preach to him again, he refused and said, "I will not accept

this way. Go away!" As it was already dark and was raining hard, the gospel preachers asked to stay overnight, but he refused and stubbornly drove them out. So they had to wade across the thigh-deep river near his house and went back in the rain. The next day, the gospel preachers returned to his house to get the book of God's word, but he lied to them, "The book is somewhere else, and we have to climb over a hill to get there." Then he intentionally led them into a roadless wooded hill. Halfway up the hill, he shook them off and sneaked away, which caused the gospel preachers to have great trouble finding their way back. In August 1998, Zhang's epilepsy recurred. On January 21, 1999, while he was warming himself by a fire, he fell into it and burned his right leg so badly that the bones and tendons were exposed. Then he became lame and had a big lump left on his knee. Thereafter, Zhang's epilepsy became increasingly serious, and whenever he lost his mind, he wandered about everywhere. On February 25, 2001, Zhang fell into the river some eight meters wide near his house and drowned. His life of doing evil thus ended!

192. Chen XX, male, aged 64, from Zhuogang Town in Huangmei County, a junior leader of the Justification by Faith Church. In June 1997, some people preached God's end-time work to him, yet he not only did not accept, but condemned it as a false christ, a false prophet, and a deceiver. He also threatened the gospel preachers and said, "If you come again, I will report you…." Then he sealed the meeting places. He also tailed and spied on those who had accepted the end-time work of Almighty God. In early October 1997, Chen got sick. He had blood in his stools, which made his stools black-gray. In late October, after an examination at the hospital, he

was found to have pancreatic cancer. On December 19, 1997, Chen had an operation at the county hospital, and after that, he was kept on intravenous fluids, but did not improve. In February 1998, when he went to the hospital for another check, the doctor said that he was already beyond cure. On April 17, 1998, Chen died.

193. Fu XX, male, aged 46, from Fangxian County in Shiyan City, whose family was a host family of the Three Grades of Servants Church. In July 1999, when some people went to preach the end-time work of Almighty God to him, he slandered God as soon as he opened his mouth, and in the end, he even said, "You believe in your God, and I'll believe in mine. Even if I am wrong, I'd rather be wrong to the end." On September 6, 1999, Fu suddenly had a sharp pain in his abdomen. Upon examination at the hospital, he was found to have stones and accumulation of urine in both kidneys. As the stones were big and blocked the ureters, the urine could not be discharged, and his abdomen swelled like a drum. On September 10, the doctors performed a surgery on him for more than seven hours. Although the stones were taken out, yet because one doctor accidently cut through Fu's duodenum and scratched his bile duct and pancreas with the scalpel, Fu was still unable to get rid of his urine, and he had to have six catheters inserted into his abdomen. Eighteen days later, Fu again suffered a sharp abdominal pain. On October 4, he had another operation. After his belly was cut open, his intestines were found to be infected and rotted, which were beyond cure. On October 15, 1999, Fu died. This man, who would rather be wrong to the end than accept the true way, thus ended his life in haste.

194. Li XX, male, aged 69, from Jingzhou City, a pastor of the Three-Self sect. In April 1999, when God's end-time work was spread

to his sect, he resisted and condemned it vehemently, and he also restricted and bound the people in his sect, forbidding them to hear the end-time gospel. Not only so, he also personally informed the Public Security Bureau and the Religious Affairs Bureau, and many times he brought these devils that resisted God into his sect to find the gospel preachers through open or secret investigations. His sins were truly piled up to heaven! In the second half of 1999, Li suddenly became sick and bedridden. He went to many hospitals for examinations, but no diagnosis could be made. On January 1, 2001, Li passed blood and died. This devil was cut off!

195. Yao XX, female, aged 55, from Longhe Township of Tuguanya Town in Danjiangkou City, a believer of the Justification by Faith Church. In March 1999, a sister went to preach God's end-time work to her, but she said that the sister was believing in a wrong way, and then drove the sister away. On April 22, 1999, the sister went to preach to her again, but she drove the sister away a second time. On May 9, 1999, the sister visited her once again, but she still said, "You're believing in a wrong way. I have nothing to say to you." The next evening, Yao said proudly in the meeting, "Yang XX (referring to the sister who preached the gospel) has come to persuade me three times, but I would rather die than believe with her." On that night, Yao dreamed that she walked into a dark cave, and the further she went, the darker it became. When she woke up, she told her husband this dream. Her husband advised her to join sister Yang, but she refused. On May 16, Yao was bitten in the right heel by the mad dog of her mother-in-law. She had injections and took medicine but in vain. On May 19, her condition began to deteriorate and her mouth was distorted. She was sent to the hospital

for emergency treatment by her family and stayed there for one day and two nights. When the doctor saw there was no hope, he let her go home. On May 24, a little past nine in the morning, Yao died. God fulfilled her words that she would rather die than believe!

196. Wang XX, male, aged 39, from Suizhou City, whose family was a host family of the Third Redemption sect. On January 7, 1999, several brothers went to that area to preach Almighty God's end-time work. When Wang learned of that, he ganged up with a group of people to disturb them. On seeing the brothers who preached the gospel, Wang stepped forward and gave a brother two slaps on the face, and then he took another brother away with him. Afterward, this brother testified God's end-time work to him, and he accepted then. But later, because God's family did not put him in an important position, he many times abused God as unrighteous. On October 31, 2001, Wang went to a meeting of the Praise Church. When the people of that church cursed the false christ in prayer, though he knew they were cursing God's end-time work, he still said "Amen." Immediately he was seized with an unbearable headache. The next early morning, Wang suddenly became short of breath, and then with a loud cry, he went rigid, and died. Forsaking the true way and abusing God, he was punished!

Typical Cases of People from Christian Denominations and Sects and Catholic Churches in Hunan Province Who Were Punished for Resisting Almighty God

197. Yan XX, female, aged 40, from Yongyi Township in Shaoshan City, a junior leader of the Born Again Church. In November 2001, the brothers and sisters preached God's end-time work to her, but she said decisively, "Impossible. Jesus will never be incarnated again." And she also abused the gospel preachers as lunatics and the ones who disturbed the church. Afterward, she many times drove the sisters who preached the gospel out of her meeting place, and she also bound the brothers and sisters led by her, forbidding them to accept God's end-time work. In December 2001, someone else went to preach the end-time gospel to her, but she still refused to accept and even threw a basin of dirty water on the sister who preached the gospel. One day in January 2002, while preaching in her meeting place, Yan saw two sisters who preached the end-time gospel were there, and she began to abuse them on the platform, calling them the preachers of heresy. As she was abusing them vigorously, she suddenly fell unconscious to the ground and remained so for nearly half an hour. Afterward, a brother of her church said to her, "Yan, you should think about your sickness and repent before God. You didn't allow the sisters to attend our meeting, and you disobeyed the will of the heavenly Father." Yan argued fiercely, "You say I disobeyed the will of the heavenly Father? Then didn't you disobey the will of the heavenly Father for bringing them there?" Two days later, Yan suffered a relapse. Upon examination at

the hospital, she was found to have a cerebral thrombosis. On February 12, 2002 (the Chinese New Year's Day), Yan was attacked by her cerebral thrombosis another time, and left this world forever.

198. Wang XX, female, aged 60, from Zhouzhi County in Xi'an City, a believer of the Holy Spirit's Work Church. In June 1998, when a brother went to the house of Meng, a member of that church, to preach God's end-time work, Wang happened to be there. After hearing the testimony, Meng wanted to accept, but Wang instigated Meng to drive the brother away. One day in September 1998, when the brother went to Meng's house a second time, Wang was having a meeting there. On seeing the brother, Wang said fiercely, "The three-stage work can never be believed. If anyone wants to, I will go to the Public Security Bureau to report him." She also said, "I have spiritual eyes. If God had come, how could I not know that? You are here to steal my fruits. You are a cultic organization. The Holy Spirit's Work Church is the one that reigns and rules. You are the Falun Gong." In October 1998, Wang's husband suddenly did not feel well. He went to the hospital for an examination, and was found to have esophageal cancer. In March 1999, he became blind, and on May 6, 1999, he died. On May 11, Wang had a quarrel with her daughter-in-law about her husband's burial, and her daughter-in-law got so angry that she drank pesticide in the afternoon. She was sent to the hospital, but all rescue measures failed, and she died. In January 2000, Wang suddenly became paralyzed in her lower limbs, and she was confined to bed and unable to take care of herself in her daily life. In July 2001, when a sister went to her home to see her, she asked her, "Do

you know the result of resisting God's work?" She nodded, "I regret it. If God heals me, I will testify him." But God's disposition is not to be offended by man, and God will repay the evildoer according to his evil deeds. On January 15, 2002, Wang left the world with remorse.

199. Mao XX, male, aged 77, from Baoji County, a pastor of the Three-Self sect. In 1997, when Almighty God's end-time work was spread to that area, he began to resist it, and he also intimidated his people, saying, "There are people preaching that God has come. It is simply nonsense. It is the deception of a false christ. All those who do not meet in the churches are heresies and evil teachings. From now on, none of you is allowed to meet somewhere else. No matter who invites you, you should not go. Otherwise, you will be cheated and deceived, and you will not be saved." On June 24, 2001, while preaching, Mao again condemned and blasphemed God's work, and he also insulted an elderly sister who had accepted Almighty God by name, "XX has followed a false christ. She has gone astray. I will report her and have her caught by the Public Security Bureau. And I've got to make her name stink." On the afternoon of the third day, while Mao was working in his vegetable plot, he felt unwell. After he got home, he suddenly fell down, and scratched the ground wildly with his hands and rolled about it, racked with pain. Later, he was sent to the hospital by his family. In the ward, he made strange noises, now like a horse whinnying, a donkey braying, or a cow mooing, and then a dog barking, a cat yowling, or a bird chirpping. He howled miserably till midnight, and finally, his eyeballs dropped from their sockets and he died. This old pastor resisted God and was cursed!

200. Li XX, female, aged 60, from Xi'an City, a mid-level leader of the Way of Life Church. In November 1999, some people preached God's end-time work to her, but she refused to accept, and she also hindered the others from doing so and said, "They are preaching a false christ and a cult. Even if it is the true way, I won't accept." In March 2001, the gospel preachers tried to preach the gospel to her again, but she shut them outside the door and said something like, "We've already received life." Over ten days after Li said this, the gospel preachers went to visit her for another time, but unexpectedly, she had gone to Hades because of a heart attack.

201. Ma XX, female, aged 56, from Xi'an City, a preacher of the Three-Self sect. In August 2000, a sister went to her home to preach God's end-time work to her, but before the sister talked about it, she stopped her and said, "These days, there are many false ways being preached outside, especially 'the Eastern Lightning.' Don't believe in it. Now, except the Bible, all that are preached are deceiving." And she also blasphemed, "They are believing in a false christ and a cult." Afterward, she spread rumors in the meeting, "You must not read the book of 'the Eastern Lightning,' much less accept it. Do not be deceived." In October 2000, Ma suffered a fall at her home and broke her hips. She stayed in the hospital for two months and spent more than 4,000 yuan. After she got home, she lay in bed for another month. On March 21, 2002, when a sister went to see her, she still said, "That way is false and a cult. You must not follow it." At noon the next day, Ma suffered a sudden cerebral hemorrhage. She was sent to the hospital and stayed there for more than twenty days, and spent another more than 20,000 yuan. At midday on April 15, Ma was discharged from the hospital. That evening, a sister went to see

her. She saw that Ma was lying helpless in bed and totally depended on her husband to feed and attend to her, and as she ate, she dribbled. On the morning of April 16, Ma's condition suddenly deteriorated, and she was again sent to the hospital for emergency treatment. On June 5, Ma died.

202. Feng XX, female, aged 47, from Shangzhou City, a preacher of the Justification by Faith Church. In 1998, some people preached God's end-time work to her, but she refused to accept, and she even blasphemed and condemned it, saying, "This is a cult and a heresy." Later, she also spoke slanderous words before her co-workers and the people under her, "Those people are wolves, and they come to steal the sheep. Follow me and you won't go wrong." In 1999, the brothers and sisters went many times to preach Almighty God's end-time work to her again, but she resisted and blasphemed it as before. On the early morning of September 30, 1999, Feng went out by bike. On the way, she was pulled down by a big vehicle. The flesh of her face was torn outward, and her left leg was broken, with only the skin connecting the broken parts and blood streaming out profusely. She screamed "help" desperately. But just then, a truck came from behind and ran over her, and Feng was killed outright. It was really horrible!

203. Mao XX, male, aged 59, from Baihe County, an elder of the Praise Church. In August 1998, three brothers went to the home of Zhang X, a member of that church, to preach God's end-time work, and thirteen people accepted it then. On September 9, after Mao learned of that, he rushed to Zhang's home and forcibly took away five books of God's word. Then, he called a meeting of those brothers and sisters who had accepted God's end-time work. At the meeting,

he blasphemed, “What they preached is a false way, an evil spirit’s imitation, and a false christ, not God. Do not be deceived.” Finally, he dragged them all back. In mid-September, the three brothers went to his home for the books, but he refused to return them and said, “I’ll hand in your books to the Public Security Bureau. Let’s see how they will punish you!” On September 22, a sister also went to him for the books, but he still refused to give them back. He even tried to pull the sister to the police station, and he said, “I’d rather burn up these books and throw them into the toilet, rather be cursed by God, and rather die than give them to you. Since it is the true God, let him curse me!” On the night of April 30, 1999, after supper, Mao suddenly felt discomfort in his stomach, which was a little bit pain. An hour later, he had a severe pain in his bowels, and he writhed about on the bed and howled in agony. The howls were bloodcurdling. On the following day, his wife sent him to the hospital, but on the way, he breathed his last.

204. Zhi XX, male, aged 42, from Shangzhou City, a leader of the Three-Self sect. In September 1997, the brothers and sisters preached God’s end-time work to him, and he accepted it then. But later, being disturbed and deceived by the senior leader of the Three-Self sect, he withdrew to his church. He told the sister who preached the gospel, “You’d better think twice. Don’t be deceived.” After that, Zhi went everywhere to seal the meeting places, and he blasphemed, “God can’t possibly be incarnated the second time. ‘the Eastern Lightning’ is false and a heresy.” He also forced more than thirty people who had accepted Almighty God to go back to his church. A few days later, Zhi became sick suddenly and was sent to the hospital. As the doctor could not give a clear diagnosis, he let him

stay at the hospital for observation. During this period, the sister who preached the gospel went again to preach God's end-time work to him, and she told him, "You've offended Almighty God. God's disposition does not tolerate man's offense." At that time, he said remorsefully, "I really shouldn't have listened to my leader. I had no discernment. More than thirty lives are almost ruined in my hands." And he accepted God's work for the second time. Then, his condition suddenly took a turn for the better. After he returned home, he brought those more than thirty people before God. Forty days later, his leader came to disturb him again and said, "It's impossible that God is incarnated. We should never deny Jesus at any time." So Zhi betrayed God for the second time and dragged those more than thirty people back into the Three-Self sect again. Right on the next day after his betrayal, his condition began to worsen, and he was again sent to the hospital. Upon examination, he was found to have terminal rectum cancer. At that time, Zhi's belly was hugely swollen, and he could not empty his bowels, so the doctor had to make an opening to the left of his navel to help him get rid of the feces. Not long afterward, the doctor let him go home to make arrangements for his funeral. After he was back home, Zhi howled and screamed wildly all day long and was delirious, and his eyes were deep-sunken like two dark holes. On January 6, 1998, Zhi died in his prime. He was punished for forsaking the true way!

205. Liu XX, female, aged 49, from Shanyang County, a believer of the Three Grades of Servants Church. In June 1998, someone preached the end-time work of Almighty God to her, yet she not only refused to accept, but resisted it vehemently and disturbed the others from accepting it. One day in July 1998, a total of more than fifty

brothers and sisters were at a host family listening to the testimony. When Liu saw this, she shouted and cried and blasphemed, “This is false, and this is an evil spirit and a devil.” She And also threatened to inform the Public Security Bureau. And she even gave her husband several slaps on the face, not allowing him to accept the end-time work of Almighty God. Then like a lunatic, she picked up a knife and tried to hack the brother of the host family. Disturbed by her like this, several people immediately refused to accept. Right on that night, Liu’s tuberculosis, which was cured after she believed in Jesus, suddenly recurred. After the relapse, she not only did not repent of her evil deeds, but on the contrary she put the blame on the believers in Almighty God and became even more hostile to God’s work. One night, when she saw her husband reading the book of God’s word at home (her husband had accepted Almighty God), she rushed forward and smashed the light bulb, and snatched the book from his hands. Afterward, Liu’s illness became worse and worse, and it lasted for more than two years. She spent over 4,000 yuan but was not cured. On August 16, 2000, this shrew finally went to Hades.

206. Zhong XX, female, aged 31, from Gaoshan Town of Rongxian County in Zigong City, a junior leader of the Praise Church. In February 1999, when someone preached God's end-time work to her, she accepted and also swore that she would not change her mind. But because she had no ideas of her own, after being disturbed by the people of her church, she said, "God can't possibly be incarnated. The little scroll is false." Later, she deceived the over thirty people controlled by her, saying, "We will only believe in the Bible. We won't believe that God has been incarnated, much less believe that God incarnate is a female. What the believers in Almighty God preach is a deceiver, a heresy, and an evil spirit." In March 1999, Zhong even went to the Three-Self sect and reported that "here are some false-way preachers," trying to persecute the brothers and sisters by the forces of the Three-Self sect. On June 17, 1999, when Zhong was washing shoes by a pond, she suddenly had an epileptic fit and fell into the pond and drowned. Just as the Bible says: "God will repay the evildoer according to his evil deeds." Zhong blasphemed God and was finally repaid!

Typical Cases of People from Christian Denominations and Sects and Catholic Churches in Chongqing City Who Were Punished for Resisting Almighty God

207. Xiong XX, female, aged 60, from Shilong Township of Baiyang Town in Wanzhou District, Chongqing City, a worker of the Born Again Church. On July 23, 2001, someone preached the end-time gospel of Almighty God to her, but she condemned as soon as she opened her mouth, saying, “The one you preach is a devil, satan, and a deceiver. Even if he is the true God, I will not accept.” Afterward, she restricted the people led by her, not allowing them to accept God’s end-time work. A week later, that is, on the evening of July 29, when Xiong went upstairs in her house, she fell down the stairs and died outright.

208. Yang XX, male, aged 57, from Baiyang Town of Wanzhou District in Chongqing City, a believer of the Three-Self sect. In June 1996, Yang accepted God’s end-time work, and in April 1997, he became a junior leader. In April 1999, he was cleared from the church because of misusing the money of God’s family. Afterward, whenever he met any brother or sister, he would say, “Clearing or expelling people is all done by man. There’s no difference between believing and not believing. I think this is false, and this is a deceiver and a cult.” In July 1999, Yang and several others were readmitted into the church, and God’s family assigned him to lead those several people, but he refused and said, “I won’t do that hard and unprofitable job!” One evening in September 1999, Yang felt

something like a leaf stuck in his throat. And he treated it as tonsillitis. But until January 2000, he still did not get any better, so he went to the county hospital for examination, and was diagnosed with esophageal cancer. He went everywhere to see doctors, and though he spent more than 3,500 yuan, it was still to no avail. On September 23, 2000, he died. On his deathbed, he sent for a sister who believed in Almighty God and told her, “Take all my books and notebooks and keep them safe. Do believe in God sincerely. I have no chance.” This is the consequence of his testing the way with his life!

209. Cheng XX, male, aged 70, from Chenjia Town of Wanzhou District in Chongqing City, a believer of the Praise Church. On March 2, 2001, someone preached the end-time salvation of Almighty God to him, but he refused to accept. Later, the gospel preacher gave him a book of God’s word, a hymnbook, and some tapes, asking him to make an investigation, and he agreed. But when the gospel preacher visited him again on March 6, he said, “This book cannot be read! You can’t read it! It is something that deceives people. Don’t you be taken in!” With that, he spat into the book and drove the gospel preacher away. No more than one week after this, that is, on March 12, 2001, Cheng got a strange disease—spitting non-stop every day. On August 15, 2001, when his saliva was dried up, he went to Hades. Anyone who hates the true way will surely die!

210. Xiong XX, female, aged 36, from Renhe Township of Shuangjiang Town in Yunyang County, Chongqing City, a church leader of the Praise Church. One evening in October 1999, two people went to her home to preach God’s end-time work, but she refused to listen, and she even resisted and said, “Now is the sowing time. You haven’t sown the wheat but come to reap. You are here to

steal my sheep. Those sheep are all mine. You won't steal them away. As to your God, I will never believe in him. Go away; if you don't, I'll call my brother to beat you right now!" While saying this, she went out furiously. Later, when she learned that her younger sister-in-law had accepted God's end-time work, she incited her younger brother to beat up his wife until she returned the book of God's word. On July 11, 2001, when the gospel preachers went to fellowship with her again, she blasphemed, "The God you believe in is false, while the one I believe in is the true way. He gives me peace and protects me. ..." But unfortunately, right on the third day after she said this, she and her husband collided with a medium truck when they rode their motorcycle back home. Both of them fell into a dead faint on the spot and were covered with blood. Her husband had his left foot crushed, and at 9 o'clock on July 16, 2001, he left the world because of loss of blood. Xiong had her left leg and hand broken. It took the doctors twelve hours to repair the tendons of her leg in the surgery. And not until one month later did they set her broken bones and insert steel plates into her leg. The treatment cost her more than 50,000 yuan; even now she is still confined to bed. Xiong did not receive peace but suffered disaster. We wonder if she has woken up?

Typical Cases of People from Christian Denominations and Sects and Catholic Churches in Jiangxi Province Who Were Punished for Resisting Almighty God

211. Hu XX, male, aged 63, from Qingban Township in Hengfeng County, a deacon of the Three-Self sect. In March 1999, Hu accepted Almighty God, but when he read the book of God's word, he had notions. He measured Bible against God's word, and when he failed to find harmony between them, he denied Almighty God. He also said to a sister who had accepted God's end-time work, "Don't believe in it anymore. If I am wrong, I will pay my life for yours." Afterward, he often deceived his people and hindered them from accepting the end-time work of Almighty God. On February 16, 2000 (during the Spring Festival), when Hu was preaching, he suddenly went red in the face and shivered all over. On seeing this, a sister quickly stepped forward to support him, and he collapsed into her arms. When the other people gathered around, Hu was already unable to speak. He took out a ball pen from his pocket, and after he wrote "I am dying" on the left hand of the sister, he lost his consciousness. The brothers and sisters carried him to the bed and prayed together for him, but to no avail. Then they sent him to the hospital for intravenous drips, but the medication could not run into his vein. In the late afternoon, Hu died in the hospital. However, all the people of his village did not allow his body to be carried into the village. Hu proved with his life that what he said was wrong, and he "bravely" paid his life for the sister's.

212. Xia XX, male, aged 54, from Wucun Town in Guangfeng County, a junior leader of the Old Local Church. In October 2000, Xia heard the testimony about God's end-time work, and he accepted it then. But after he went back, he changed his mind. He even gave a false testimony before the people of his church and said that he had been fooled and deceived. He also blasphemed God's end-time work, saying, "It is false and a cult." In November 2000, Xia became sick suddenly. On January 27, 2001 (the fourth day of the Chinese New Year), he was diagnosed with cirrhotic ascites by the hospital. On April 16, 2001, he became mute, and on April 23, he gasped his last.

213. Li XX, female, aged 46, from Xinguan Township of Dayuan Town in Fuyang City, a responsible person of the Old Local Church. In December 1999, when Li learned that a brother of her church had accepted God's end-time work, she took over a dozen people with her to disturb him, and she also cursed in her prayer, "In the name of Jesus, I bind this cult 'the Eastern Lightning'...." Afterward, she resisted more frenziedly. Wherever the brothers and sisters preached the gospel, there she would go and disturb them. In August 2000, when she learned that a sister had accepted Almighty God, she went everywhere to seal the meeting places, not allowing the people to go outside to hear the preaching. She also cursed the believers in Almighty God, saying that the believers in Almighty God had stolen her sheep. On November 1, 2000, Li became sick. After the doctor's diagnosis, she was found to have lung cancer. But instead of repenting, she resisted God's work even more vehemently. Soon, Li became bedridden. Many people of her church came to pray for her, but the more they prayed, the worse her condition got. Whenever the pain came, she cried and screamed and hurled abuse at those who were praying for her, and sometimes even threw pillows at them. On April 6, 2001, she finally breathed her last. When she died, her face looked awful. This is the retribution for her blaspheming God.

214. Wang XX, male, aged 66, from Longyou County, a leader of the Old Local Church. In 1996, someone preached Almighty God's end-time work to him, yet he not only refused to accept, but also condemned it as a heresy and a cult. On April 15, 2000, when he found some brothers and sisters who were preaching the gospel, he reported them to the Public Security Bureau. As a result, five brothers and sisters were arrested on the spot. From then on, he often blasphemed, "'the Eastern Lightning' is a cult and a deceiver." He also sealed all the meeting places, not allowing the people of his church to have contact with strangers. And this caused the gospel work in that area to be greatly hindered. In July 2000, God's curse came upon Wang. He got esophageal cancer, unable to eat anything though he wanted to. He was tortured for over half a year, and on February 18, 2001, his life of resisting God ended. This old church leader even joined hands with the great red dragon to persecute God, and he really deserved this reward for his evil!

215. Yu XX, male, aged 45, from Gangtou Town in Fuqing City, a junior leader of the Old Local Church. In May 1997, when Yu learned that a sister of his church had accepted God's end-time work, he took four people with him to the sister's home to disturb her, and he said, "Jesus' one crucifixion has completed the redemptive work. God will never be incarnated the second time, much less be a female Christ. This is the deception of a false prophet, a false christ, and an evil spirit." A brother present who believed in Almighty God exhorted him, "You shouldn't blaspheme or condemn blindly since you don't understand. The sin of blaspheming the Holy Spirit will not be forgiven in this life or next life." Yu said, "Don't you frighten me! I'm not afraid. I will see what your God can do to me!" In June 1998, Yu got intestinal cancer. His condition worsened progressively, and he even could not sleep. Later, he had his anus removed surgically, and he had to get rid of his feces and urine through plastic tubes. Because of being bedridden for a long time, his back was covered with bedsores, and the stench in his room was so strong that no one could get close. On February 16, 1999 (the Chinese New Year's Day), Yu, who had suffered extremely from the disease, died. This man blasphemed God and finally brought himself the disaster!

Typical Cases of People from Christian Denominations and Sects and Catholic Churches in the Inner Mongolia Autonomous Region Who Were Punished for Resisting Almighty God

216. Zhao XX, female, aged 54, from Chasuqi Town of Tumd Left Banner in Hohhot City, a preacher of the Pentecostal Church. In the fall of 1997, a brother preached Almighty God's end-time work to her, but she refused to accept and also began to resist it. She arranged the materials against God and printed them into leaflets, and distributed to everyone of her church, asking them to watch out. She also mocked God for being incarnated as a female in her meeting place. Between March 20 and May 1999, a sister preached God's end-time gospel to her twice, but every time she refused to accept, and she even said, "What you preach is not right. You are devils and satans!" On November 11, 1999, the sister went to preach the gospel to her once again. But as soon as she talked about God's end-time work, Zhao began to blaspheme, saying, "Sister, you are a good believer, but you are carried away by satan." The sister said, "The God I believe in is one hundred percent the true God. If he is not the true God, may God curse me to die without a full corpse!" However, Zhao kept blaspheming God. The sister said angrily, "Then may God curse that satan!" As soon as the words were out of the sister's mouth, she saw that Zhao went pale and paced to and fro on the ground. After that, Zhao became sleepless, restless, and distracted. She always said that she felt oppressed at heart, and others saw that her face and eyes were gray-blue. On the evening of November 15,

1999, when Zhao was having a meeting, she said she felt too oppressed at heart to listen, so she went home ahead of time. While crossing an intersection, Zhao was struck down by a heavy-duty truck, and then, another heavy-duty truck ran over her at full speed and crushed her to a bloody pulp. Her legs were separated from her body, her feet flew to the roadside, and her eyeballs were squeezed out. The scene was horrible, and no one could identify her. Finally, it was some sisters who were going home from the meeting who recognized Zhao from the bag and bicycle lying beside her corpse. Zhao died without a full corpse, and this fully proved that Almighty God is the true God. This devil that resisted the true God finally suffered the curse!

217. Zhu XX, female, aged 34, from Baotou City, a core member of the Three-Self sect. In late December 1999, someone preached the end-time work of Almighty God to her, but she stoutly denied it, saying that the work of Almighty God was wrong and that she was already holy. One week later, Zhu went to a meeting. When she left home, she was fine. But during the meeting, she bit and spit at others wildly as if being possessed by a demon. She even could not recognize her family members who went to fetch her, and also bit and spit at them. After she returned home, Zhu now behaved like a normal person and then lost her senses and made some weird movements. On 31 of that month, a little past five in the afternoon, Zhu's neighbor heard her let out a terrifying cry in her room. And the neighbor hurriedly watched from the window and saw that Zhu, stark naked, climbed out of her window on the sixth floor, and hung herself outside with her hands gripping the window frame. When a sister who lived in the building opposite suddenly saw this

frightening scene, she rushed out to stop her. But just then, with a thud, Zhu fell heavily to the ground from the sixth floor and lost consciousness outright. Half an hour later, she was sent to the hospital. But shortly after she was taken into the emergency room, she breathed her last. Resisting Almighty God brought her such an end!

218. Yu XX, female, aged 51, from Wuchuan County in Hohhot City, a junior leader of the Bread Breaking Church. In 1995, the brothers and sisters preached God's end-time work to Yu, but instead of accepting it, she resisted it. In the first half of 1996, after a brother of her church accepted Almighty God's end-time work, he gave her a book of God's word, but she asked one of her co-workers to burn the book up. In May 1999, another brother went to preach the gospel to her, but she still refused to accept. She even dragged a couple who had newly accepted God's end-time work back into her church. In February 2001, after the senior leader of the Bread Breaking Church in Hohhot (a brother) accepted God's end-time work, he tried to preach it to her, but she got more than ten people to confine the brother in a room and forced him to return to her church. From 1995 to the end of 2001, the brothers and sisters preached to her eight times, but every time she refused to accept, and she spoke all the blasphemous and abusive words against God, and the words were offensive to the ear. Because of her evil deeds, the punishment came upon her! On the evening of January 14, 2002, while Yu was having a meeting, she suddenly did not feel well, and she went home early. At midnight, her eldest daughter-in-law heard her breathing quickly, which sounded very abnormal. When she went over to check it, she found her in a coma, unable to speak. The next day, her family sent

her to the hospital, and she was diagnosed with a cerebral hemorrhage, or rupture of blood vessel of brain. She was rescued for over thirty hours, but still died.

219. Jin XX, female, aged 41, from Wulantuke Town in Linhe City, a pillar of the Three Grades of Servants Church. In the fall of 2001, she kept a watch on a sister in her village who had accepted Almighty God, often hanging around the sister's house. On January 8, 2002, a sister preached God's end-time work to her, but she said scornfully, "XX is believing in a female Christ. Could God become a woman? Could God transform himself three times?" After that, Jin blasphemed even more horribly. On January 20, 2002, she said to another sister in her village who had accepted Almighty God, "You've been led astray by sister XX, just as Samson was cheated by Delilah. … You are also cheated by a woman." Her words were offensive to the ear. Not long after that, on February 6, 2002 (the 25th of the twelfth month of the lunar year), Jin felt pains in her back and arms and weak in her legs. She wanted to go to the nearby hospital, but could not move. So she asked her child to cup her on the back. However, hardly had the cup been put on her back when she lay face up on the kang, and with a grunt, she became unconscious. Her family hurriedly called in a village doctor, but the doctor could do nothing about it. Finally, she died on the way to the hospital. This wicked woman was punished for blaspheming Almighty God!

Afterword

We are all adopting a wait-and-see attitude, hoping that more people will be enlightened after seeing these instances of people being punished, hoping that more people will be able to carefully examine His utterances and work when faced with them, and approach this important message with earnestness and piety. Do not tread in the footsteps of those who are punished and, even more than this, do not be like Paul—who clearly knew the true way but who intentionally defied it—and lose the sin offering. God does not want more people to be punished, but instead hopes for more people to be saved, and for more people to keep up with His footsteps and to enter into His kingdom. But if people refuse to recognize their mistakes, if they cannot accept the truth with a humble heart, but instead go nitpicking, trying to find fault and pretending to understand when really they do not, then they will be the ones who suffer loss in the end. God's work waits for no one. His salvation is not like some piece of trash, to be randomly thrown on just anyone. Rather it is targeted, with an objective and by choice. If you do not know to cherish it, then the only thing awaiting you will be God's righteous judgment and punishment. God treats all people righteously; no matter your age, how senior you are or even how much suffering you have been through, God's righteous disposition is forever unchanged in the face of these things. God does not treat anybody with high regard, nor is He biased toward anybody. His attitude toward people is based on whether or not they can accept the truth and accept His new work by relinquishing all things. If you can accept His new work and accept the truth that He expresses, then

you will be able to gain God's salvation. If you are prideful of your veteran status and you flaunt your seniority, laying down terms to God, then you will be disavowed from God's salvation. Just like the Jews, who could not accept Jesus Christ but only waited for the Messiah, that which befell them in the end was the curse and the ire of God; this is a fact that is there for all to see. Nowadays the instances of people being punished are all lined up one by one before our eyes, and they are more worth a thorough examination of ourselves in the presence of God, as well as allowing us to have a newer and deeper knowledge in our approach to God: We must not jump to conclusions about God's work and His management, otherwise that which we will gain will not be God's promises, but rather His wrath, curses and punishment, and the yearning of a lifetime will come to nothing. Drawing on the pain of past experiences, that which we must do even more is to not allow God's salvation to slip away from us and to hold on tight to every piece of guidance and every opportunity God bestows on us, so as to avoid God's curse falling upon us when we do not expect it. We must patiently and cautiously await God's coming, take a careful approach to the gospel that crosses our path, pray to God to give us faith and pray to God to bestow spiritual eyes on us that we may discern every kind of person, event, and thing that we encounter, until such time as we witness the appearance of God.

In amongst these instances of punishment, we discover one fact: If people cannot accept the truth, and furthermore they defy God's work and blaspheme against Him, then they play the part of Satan, they are lackeys for Satan, enemies of God. This is the proof and the cause for God's punishment of them, and it is the reason why these

people are punished. If someone sees all these facts and still does not believe that God has already done new work, and even more so does not believe that the people involved in these instances are being punished, then that person is a dead person, devoid of spirit. No words or facts will convince them otherwise. Only when God's punishment befalls that person themselves will all their misgivings be resolved; this is an indisputable fact and it is also the simplest way for God to arrange man's destination and outcome. If anyone does not believe this, then just try it for yourself! No one wants to end up being one of the people who are punished, to die so miserably, so disgracefully like them. Instead, everyone hopes to gain God's blessing, care and protection in this life, to die composed and tranquil, and to have a good destination after death. But how one can gain these things is known only by very few, and this is a most distressing matter. The knowledge and external behaviors of the Pharisees did not save their relationship with Jesus Christ. On the contrary, it harmed them, and it was their knowledge and notions, along with the image of God in their hearts, that impelled them to condemn the Lord Jesus. It was their imaginations and minds which misguided them, which covered their spiritual eyes, causing them not to recognize the Messiah that had already come, to do all they could to find evidence and to gain a foothold in order to condemn the Lord Jesus. This is their ugly face—using the excuse of upholding God's original work to condemn God's realistic work in the present. Of course, this is a mistake that people living in any age are liable to make—using old doctrines and regulations to measure and condemn truths that they have never heard before, thinking that they are adhering to the true way and maintaining their purity before God,

that they are being loyal to God. But what are the facts? God is continually doing His new work, continuing His management, always new and never old. And what about people? They always hold fast to some obsolete things that they think to be the entirety of God's expressions, patting themselves on the back, swollen with arrogance, waiting for God to bestow rewards on them with an attitude that believes God would never discard them, would never mistreat them. And what is the result? God's work continues uninterrupted, with more people of the new age following Him and accepting His new work, while those who wait for God to bestow rewards on them are eliminated by God's new work, and even more people fall into God's punishment. At the moment when their punishment begins, their life in believing in God is over, and their outcome, and their destination, are brought to an end. Such a fact is something that no one wishes to see, but it happens unknowingly before our eyes. So is this down to God's disposition being so merciless, or is it that people's pursuit is at fault? Is it really not worth mankind thoroughly examining themselves?

God has spent several thousand years completing His management, passing through several ages to manage His mankind. The thing He wishes least to see is mankind, whom He saves, defying Him, and less than that does He wish to see instances of people who once enjoyed His grace betraying Him. All He does is meant to save more people, to gain more people who understand His intentions and are of one mind with Him, enabling them to enter into His kingdom and enjoy His promises. Therefore, He most abhors when defiance arises within His house. Is there a better stance for Him to take toward those who defy Him than one of punishment and

cursing? What choice do those who are punished have? Defying, blaspheming, and betraying God can only end in punishment. This is God's disposition and the best way for Him to deal with evil people. Never have any escaped from it. It was so before, it is so now, and it will be so in the future; it is an eternal, unchanging fact.

Our goal in organizing and publishing this book is not actually to menace anyone with these instances, nor is it to bluff or bluster. Rather it is to truthfully present the instances of these people being punished to everyone who may receive this book. Our goal is not to use this opportunity to harangue, only to do that which we are capable of doing and to fulfill our obligations and our duty. We hope that our intentions are scrutinized by God, and that everyone who reads this book will be able to look upon its worth and significance correctly, and have a pure comprehension of our expectations and our loving care for every single person. It is also a small offering to God from those of us who have already accepted God's new work, and an expression of our goodwill to all the brothers and sisters in God's house. We hope this book will merit our trust, that it is able to achieve our anticipated goals, that it can help more people to turn back from the wrong path, and that it can save more people's souls. We hope that it causes those who are currently engaged in spreading rumors everywhere and who set up blockades everywhere to obstruct others from accepting Almighty God to restrain their evil actions and lessen their sins once they have read this book, that they may be spared God's punishment, be quiet before God and wait for the day to come when God arrives publicly, so that the work of the Holy Spirit may have opportunities to unfold amongst even more people.

Then the will of our cooperation with God will be achieved, and so will our genuine goal in organizing this book.
